My name is Calloway. I am 11 years old. My greatest passion in life is All Star Cheerleading and animals. I started in gymnastics when I was 18 months old and started cheer when I was 6 years old. Cheer is everything to me. You can find me in the gym at least 5 days a week and sometimes more. In the gym I am

constantly perfecting my tumbling skills, doing privates with coaches, and of course team practices.

I have been a flyer for cheer for the past 5 seasons. Being a flyer means making sure I am taking care of my body and stretching constantly to avoid injuries.

Flying is all about balance, flexibility, facials, and a lot of confidence in my bases. This year I was asked to be a cross over on a 2nd team and learned how to be a primary base. It is very humbling to be on 2 teams and be able to perfect 2 different positions on the teams. After learning how to base this year, it has tremendously made me better at flying. That may sound a little funny, buts it's the truth. Understanding how to base and hold a flyers foot, taught me as a flyer better foot positions I can do, so my bases have an easier time keeping me in the air. It comes full circle with understanding how to fly and now to base. I can complement my teams by knowing both roles as a flyer and a primary base.

There is nothing that compares to competition day. It's everything I have worked towards. The butterflies that build in my stomach as we are about to take the floor are indescribable. The minute the curtain opens, I run out to the floor and get set in my spot – the butterflies go away. The spotlights are bright, and the music comes on. I know at that moment its my time to shine and give it my all. The 2 minutes and 30 seconds I spend doing my routine goes by in a flash and then it's all over. I can only hope my team did enough to earn us a 1st place finish! I have the best coaches and teammates a girl could ask for.

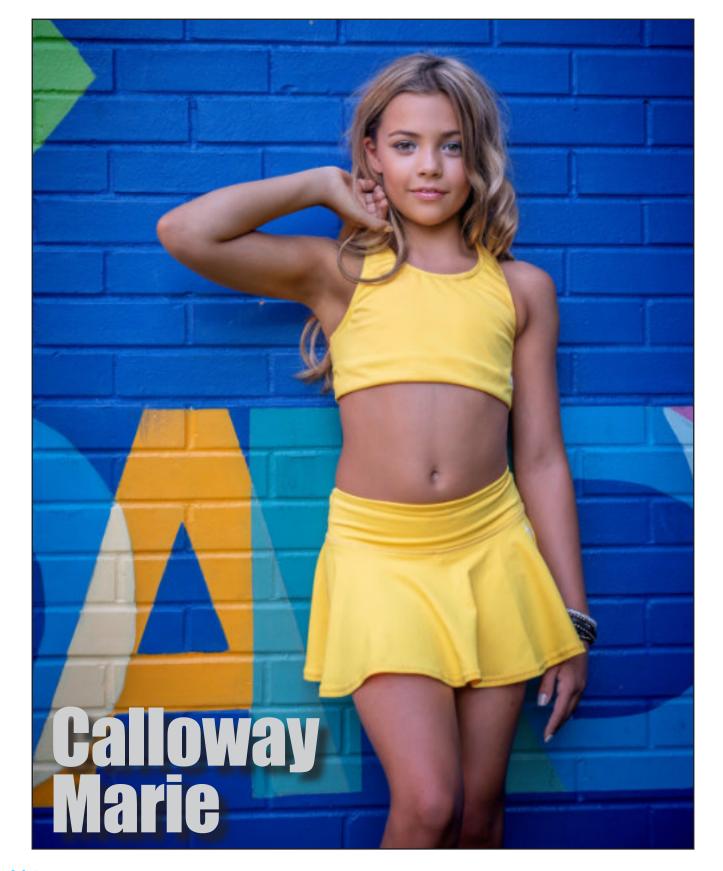

This year I also started to do a little modeling for a cheer company called Rebel Athletic. I am a Rebel Ambassador for 2022-2023 season. I am loving every minute of it. I have meet so many of my best friends this year with this new opportunity. I have traveled to many states for meet ups and photos shoots and I am having the time of my life with it. I am hopeful to be able to continue this journey for many years with Rebel.

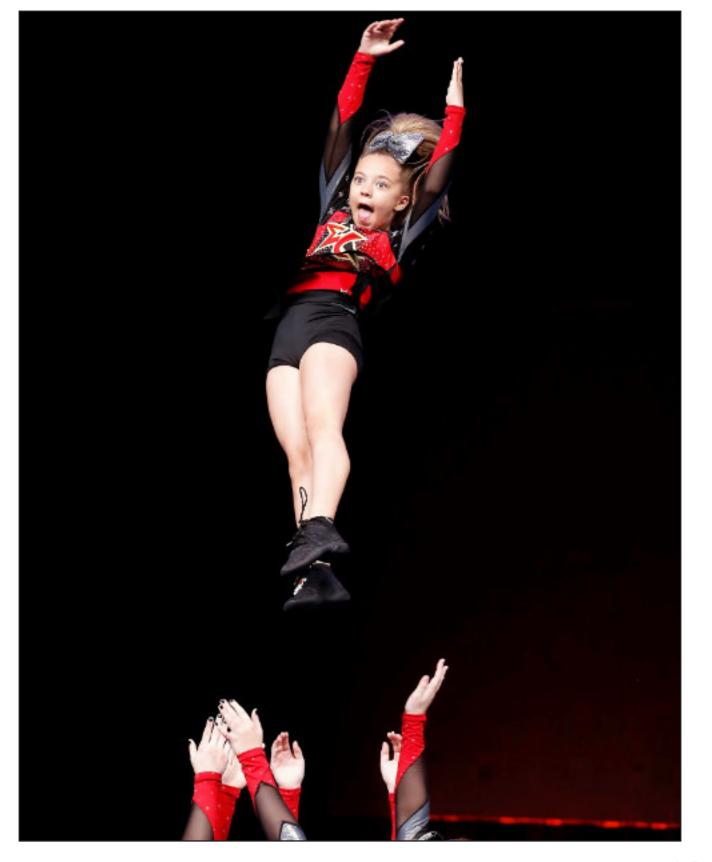

Eat. Sleep. Cheer REPEAT! It's all I know. It's in my DNA.

Calloway

UPCOMING ATHLETES.COM

Athletic Edge Sports Center is the home of many talented athletes. Tara Polizzi, Mary Casale, and Mary Jo Greaves, owners of Athletic Edge Sports Center and The Edge, first opened the Tottenville location, Athletic Edge Sports Center, September, 2004. Their goal was to open a facility that not only encouraged development gymnastics, cheerleading, and martial arts, but also give children a foundation for all sports. AESC is the home of a Senior International Elite gymnast, Olivia Greaves, who is a member of the U.S. **National** Women's Gymnastics team. Olivia's days before training elite was apart of the Athletic Edge family. Now, we are so happy to see her attending Auburn University and is a part of the Auburn Division 1 Women's Team. Gymnastics Additionally, our very own, level 10 gymnasts, Sophia Greaves and Christopher Davila. Sophia has been offered a spot at Auburn University **Gymnastics** Team, one of the top 5 National University, NCAA where she will hopefully join her sister for their 2023 team! Christopher has competed at both state championships regional championships and recently has qualified for national championships. In addition to our level 10 gymnasts, AESC is home to many state and regional champions, as well as national qualifiers who

were born and raised in Staten Island. Our state and regional champions include but are not limited to Jack Reynolds, Louis Torres, Cailyn Kitchens, Suzyana Vazquez and Veronica O'Donnell. Our National Qualifiers include but are not limited to, Christopher Davila, Sophia Greaves and Sara DiStefano. After the effects of the COVID pandemic, we felt it was extremely important to open The Edge, with the motto of Encouraging, Developing, Gymnasts, Everywhere. We wanted to provide children with more opportunities for exercise, and we knew that the commute to Tottenville was long for some families, so we added a Mariner's Harbor location to make our

programs accessible to all. We pride ourselves in teaching not only physical skills such as strength and flexibility, but also personal skills such as perseverance, discipline, and confidence that they can carry with them for the rest of their life. Under the leadership and guidance of the three owners, Athletic Edge Sports Center has transformed from a basic beginner program to a home of champions. Along the way, they have watched their gymnasts grow from elementary school to college graduates and have gained a second family.

Always with a football at his feet, Felix is dreaming big and aiming for professional football.

His heroes, Mo Salah and Kevin De'Bruyne inspire him to play every day, and his love for football is

unrivalled.

At only six years old, he has 27 league goals in eleven matches and trains five times a week, which in his opinion, isn't enough!

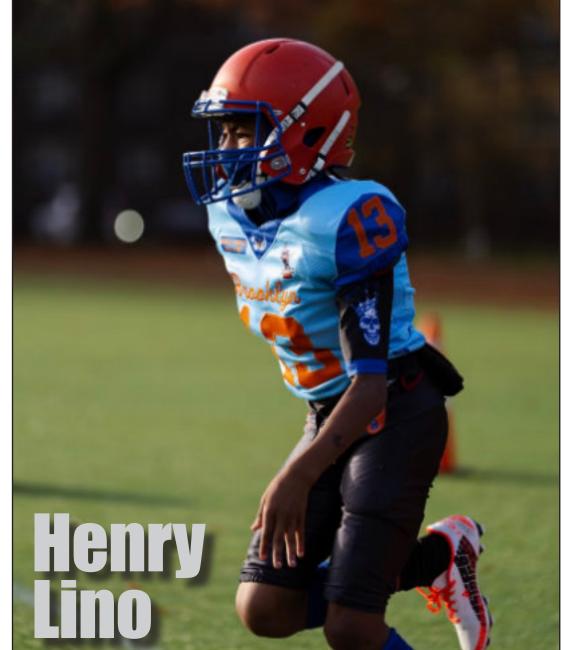

My name is Henry Lino I go by KING HENRY I am 10 years old my jersey number is 13 I've been playing football since I was 6 years old I always put school first but I love the sport so much my goal is to play D1 football and get accepted to colleges like Rutgers, Oregon or Alabama university. I play wide receiver & outside linebacker. Every year I get better &

better I travel and play with all star teams as well my dream is to make it to the NFL & be able to give back to my community hopefully one day meet my favorite football player Lamar Jackson from the ravens I live in farrockaway queens nyc I just wanna out on for my city
