My dreams as a dancer are to go far in the dance world as dance is my life as is music. Music speaks to me and I feel the need to move in motion the way the song is making me feel at that very moment. My goals are as for now to make a name for myself in the dance community because I feel dance can take you all kinds of places being as a dancer, actress, model, be on board way and to become a role model for others. I just recently started dancing about three years ago this is my first year being on a competition team and I feel like my dreams are starting out pretty good. I have made so many friends, have an awesome relationship with my dance teacher and most importantly my parents support. Dance has given me self confidence and self discipline. As far as challenges go I try to push myself further then the day before as does my Dance teacher, parents and peers. Sometimes life throws you lemons i just picture those lemons as challenges I have to push through to be a better me.

My goal is for one day someone to notice my hard work, dedication, and talents. I won many awards for my solo dances, scholarships, judges awards, and always in the top 5 for my age division. Some challenges I face is I'm a small town girl who has never been offered the big opportunity I want or need.

Hi, my name is Eliot! I am seven years old and have been dancing for my whole life (officially since age 2). This is my first year competing for Tawn Marie's Dance Centre and I have loved every second of rehearsal, conventions and competition weekends! My team has won first overall with our tap group and my jazz solo has placed first or second overall at every competition. I love learning new steps, new choreography and new

tricks, but I especially love being on the stage - I feel like I was born to be up there under the lights! Outside of class you'll find me turning up the music to tumble, improv, stretch and tumble some more. When I am not dancing you'll find me at my craft table with lots of glitter, playing with my puppies, or being silly with my teammates. When I grow up I want to be a choreographer and stylist to the stars!

My names Faye Delune, and I'm A Professional Model and Photographer, of over 10+ years, but I'm really just an all around creative person and artist. I make a lot of different forms of content and art. Online Content is my main form of art tho. Honestly my dream is to just make art, and make others happy. If I can spark a reaction of any kind from my art, then I've met my goal. For the past 10 years, I've been studying and learning photography and modeling, and really enjoying the artistic aspect of both. I'm a huge nature lover, so I try my best to incorporate nature into my work. But really, I just love bringing ideas, and stories to life with my art. Almost every image of either me, or my photography, I try to convey a story within it. In 10 years, as a model, I have graced countless of magazines, and runways, but I think my most notable achievements is being able to help build portfolios whether that's as a model or photographer and as well as being a main

model for a photographer who helped me start my portfolio off, 10 years ago. Through the years, I've had the pleasure of meeting a lot of very cool, interesting, and kind people. I'm a social butterfly, so obviously this was heaven for me. People leave impacts on you, and this job of mine, regardless of if I'm the model or photographer, allows me to meet lots of people, who usually leave impacts on me and vice versa, and learn lots of new things. Learning and teaching are also passions of mine. I enjoy any shoot that allows me to learn something new from it or teach something new to others.

I love making art, and love showing it off. I hope you enjoy my work, and I welcome you to my world.

My dream is to be one of the best cheerleaders in the world. My goal for this year is to get my needle since I'm a flyer I work on my flexibility daily. I have achieved so much in my first 2 years cheering, got my back handspring, amazing flying skills, and have gotten so

much stronger as a athlete. Challenges I have are my jumps, but I'm working daily to over come this challenge.

My name is Melody and I am 8 years old. As my name implies, I love music! I have been dancing at Ashley's Performing Arts Center since the age of 3 but my mother says I really began dancing in her womb! Right before the pandemic began I joined Impact Dance Company to start competing but everything came to a complete stop. When things opened up again, I was able to complete my first competition season, with several 1st place awards, judges awards, a title award, and awards for my group dances. This year, I was able to repeat that same success thanks to everyone at Ashley's Performing Arts Center, and especially my Impact Company dance teachers, Miss Ashley and Miss Sabrina. They bring out the best dancer in me. I love expressing myself through dance. When I dance, and I see the smiles in the audience, and it brings me great joy. I do not know exactly where dance is going to take me, but I know it is teaching me to be disciplined and it challenges me in many ways. Sometimes, there are dance moves that do not come easy to me, but I never give up just because it is hard. I can use these lessons later in life when I am an adult. I live, breathe, eat, and sleep dance! It is constantly on my mind and a huge part of my life. I hope that I can continue to dance as long as my legs will allow me.

**Sara

Sara has been modeling for me for 4 years. I met her on the website called Model Mayhem. She actually hit me up wanting to work with me. She submitted her video for Model Casting and she passed the test. She has modeled in the Givin Me Life Fashion Show in 2018 hosted by Donnetta Loper. That's when I showcased my latest designs along with other Fashion Designers. She also modeled for my Virtual Fashion Shows from 2020-2022 and next year I am planning on doing

another one. Her catwalk is flawless. Yes she has been my Fashion Muse because she has modeled all 32 of my collections. I am so glad that I got the chance to work with her. She is also an Author she has published 2 books that she has written and working on a third one. So I have been reading and supporting her books. She is an excellent writer.

Stephanie Watts

I am an amateur bodybuilder with the intention of going professional someday. Recently I have found my passion for posing in more than just a double bicep shot and have fallen in love with modeling. I love the juxtaposition of feminine beauty with musculature, and strive to emulate that in my modeling work. Muscles are beautiful!

When I am not lifting weights or modeling, I am a certified personal trainer and life coach, while actively pursuing a Master's degree in Therapy. It is my dream to share my passion for lifting weights as a method of self-actualizing into the person that I am meant to be, which will then encourage others to follow their passions and be truly happy themselves. I love who I have become, and I want to make a global impact by my own example, empowering women AND men to live healthier and happier lives!
