Hello guys

My name is Ketrin and my stage name is CHECHINA

I am professional singer and songwriter from Russia

I have devoted my whole life to two things: music and marketing.

For a long time I wrote and made songs only for myself and did not show them to anyone. Then, as a student, I had my own band and we performed at various events with cover songs.

I always wanted to perform with my original songs, but I feared to admit that.

So I started to help other people: I began to direct creative performances, wrote several musicals and directed one whole musical with big team, wrote songs for other artists.

About a year ago I started writing songs for myself and releasing them.

You can listen them on spotify - CHECHINA.

It was also around that time that I started performing online. I enjoyed sharing my creativity with others. I signed contract as online host on UpLive App.

Thanks to my performances, I won two major international competitions - "The Gods of Rock" & "Worldstage", and also became a finalist in the "Yes2Malaysia" competition.

I almost signed contract with Sony Music Label but February changed all plans in whole world so I had to start absolutely new life here in the US from zero point

Because I really love music, marketing and sharing with people I founded Music Label and production center "Flow Up". This is was my independent

label where me and my team created songs and promo for other artists

I hope that one day I will make such label here in the US and will be greater than before and help a lot of people to make their dreams alive

What about me? My biggest dream is to share my creativity with the whole world and devote as much time as possible to creating songs, videos

and shows

I really into singing and performing

Hope you will enjoy my arts, my songs, my videos

Gladys Reyes

Mi nombre es Gladys Reyes soy Mexicana y radico en Houston Texas, Hace años soñaba con ser modelo y tomé un curso para pasarela en una Agencia y como no resultó decidí cambiarme a una Academia y así fue como me preparé para realizar mi sueño, Hace un año y medio empecé como modelo de fotografía, me gusta mucho modelar y estoy muy feliz de ver que mis sueños se están realizando ahora tengo mi canal de YouTube, Mi contenido es para orientar a las mujeres que como yo sueñan con ser modelos, Justo cuando pensé que ya era hora de ir en busca de la pasarela me contactó una diseñadora y llevé a cabo mi primera pasarela, Logré ser la mejor madre y seguir mis sueños ahora tengo una nueva meta quiero estudiar alguna carrera por que se que el modelaje es un camino corto y no es algo con lo que se pueda sobrevivir por ahora sigo en busca de nuevas metas con la certeza de que no hay nada que no se pueda realizar si en verdad luchas por conseguirlo.

My story in a chocolate nutshell is that I've overcome anorexia, binge eating disorder, bulimia, and a fitness obsession. For over 20 years I struggled with poor body image and disordered eating.

I've lived through a 6-year-long domestically abusive relationship where I was hit, raped and abused daily. I was cut off from my family and friends and didn't even go to my sister's wedding. I found out I was going to be an aunty for the first time by text message, weeks after she had tried to contact me as he controlled my phone. A huge amount of debt was built up and unknowingly put in my name.

And yes, my life resembles a television soap such as Coronation Street! (a UK Soap)

- My self-worth was at an all-time low, my self-love non-existent and my whole life revolved around food obsession and how fat I thought I was.

- I was the woman who put brownies in the bin and doused them in washing-up liquid to stop me from eating them, only to get them back out later to search for any edible parts.

- I've frantically eaten bars upon bars of chocolate in secret – in the toilet, in my car, in the broom cupboard at work – and then hid any evidence.

- I've burst into tears of hatred and despair when I've looked at my body in the mirror.

However now...

I'm in a conscious and loving relationship with my man Wouter but most importantly, I've built an unbreakable and unconditionally loving relationship with MYSELF and my body.

I eat whatever I want, when I want, in any amount I want. I make food choices from a place of nourishment and pleasure. I'm healthy, confident and know my worth. My self-love is overflowing from within and so I have oodles to give to others.

With all the freed-up brain space from no longer obsessing over food and my body, I've built my own business, I predict my future by creating it and I get to live the life of my dreams. None of that would have been possible if I was still counting almonds and weighing fucking peanut butter!

My dream is to positively inspire millions of people around the world through my coaching, podcast (The Body Love Binge), speaking and generally just being the light and sunshine in people's lives.
