I started kickboxing when I was about 3 years old, now at 19, I hope to continue and push myself as far as I can. I have achieved 8 world championships, 2 junior European, and many Scottish titles over the years. I enjoy teaching the sport as much as I do competing and hope to get back out on the mats after Covid!

Hi, I'm Hugo Estevan aka Huguinho, I'm 9 years old, I'm from Rio de Janeiro, Brazil BR.

I started martial arts at the age of 4 at the Team Nogueira Training Center, where I met my Masters that has been with me to the present day....

In Jiu-Jitsu I'm a yellow belt, I've been improving my knowledge at Alliance Barra with Mestre Fábio Soró, who has been believing a lot in my potential.

In Judo I have my greatest pride, which is the Sub 9 - 2021 State Champion Title (Rio de Janeiro).

Today I train at CT Ricardo Soares, with Mestre Jomar Carneiro, (seventh Dan-7• Dan), former coach of the Brazilian Under 15 Judo Team, who has followed my development since I was younger. With Mr Carneiro my judo training is completely focused on competitions.

Like every athlete I also have my difficulties, reconciling studies, training every week day, weight control, performance demands.... but all this aims to increase my number of titles and victories. From the 11 fights I participated, I got 10 gold medals and 1 silver medal.

My wish and desire is becoming a professional fighter for a living, my goal right now is to become a Red belt in Jiu-Jitsu and a Coral belt in Judo.

And my dream is to make history, to be remembered forever, going to the 2028 Olympics, bringing the Gold Medal to Brazil.

I have been doing martial arts since I was 9 years old, although I have been watching my sister from the age of 2. I started my journey doing kickboxing where I was in between different clubs all the time and at some points didn't even have a club, I did this for 7 years then I decided it was time for a change, I decided to switch to taekwon do. Little did I know how far the sport would take me. 4 years later I am still training and competing in taekwon do, but now hold 3 British titles, 2

Scottish and a blackbelt, I have also earned a spot on the Scottish national team and am preparing to compete at the European championships in April 2022. This will be the biggest competition I have ever attended, but I am excited to experience it. I have also had the privilege of becoming an assistant instructor at my club, I teach students from the age of 4-16 years and nothing is more rewarding than seeing them progress and improve.

My name is Simon Brea, and I am a 20 year old martial artist with a black belt in karate.

Growing up, I've always enjoyed martial arts, as it challenged me to improve myself and overcome many challenges. I started competing in kata only a few years ago, but I quickly fell in love with it, and it has been a big part of my life since.

During the pandemic, I really spent a lot of time honing my skills and competing online, winning two Grand Championships for kata in the virtual NASKA Circuit. I also began coaching myself, as well as coached others from time to time in kata

as well. The process was laborious and difficult, but I wouldn't be who I am without it.

Although I rarely compete outside of my home state of New York due to college, my hopes for karate are to one day compete at the US Open and the USANKF Nationals.

Of course, a big thank you goes to my dojo, Edge Martial Arts, in Dobbs Ferry; without their help, I would not be the martial artist I am today, and I am forever thankful for their knowledge and support, and the opportunities they have given me to grow
