Being an eleven year old I have some big dreams. This year I got a little closer to those dreams/goals. This year I was able to earn the title of double gold Junior Olympic medalist, WUKF World Champion, Regional Champion and National champion. My dream is to own my own dojo and teach others and train them as I have been trained so the knowledge lives on. I want to become an

Olympic gold medalist and travel around the world competing and teaching others. I have trained with the best in the world, and hope to continue that journey. Life is always changing but one thing that never changes is the love I have for martial arts. I want to teach others that kindness matters and bullying is never okay. Martial arts is not just a sport it is a way of life, my way of life.

When I was 4 yrs old I started golf and karate, sports has become a part of my life. My dreams are that sports provide a platform for people to come together. My goal doesn't need to be reached, only aimed for. In challenges, everyone gets knocked down, which is why all great athletes get up. Although I've won some

tournaments, I met some great friends along the way that I think will last a lifetime.

Being an athlete taught me about hard work and dedication. My parents would often tell me luck favors the prepared, and as a kid I always say. Don't count the days, make the days count..

My name is Brady Elimore. I am 12 years old jitsu player from the US. Recently, I got to come 2nd in jitsu tournament held by our club. My nerves got the best of me. I couldn't come first because the kid who beat me was a beast and took my back and it was a wrap. I have learnt my lessons and I am ready for the future. I want to be a famous jitsu player.

My name is Ember Tuttle and I am currently a 7 year old Grey Belt that trains at Diego Bispo Academy under Professor Diego and the many other AMAZING coaches that dedicate their time, talent, and support at my gym. You can always recognize me by my pink hair!

Since I am only 7 years old, my dreams consist of becoming a mermaid, owning my own rainbow unicorn, becoming a singer and seeing Jiu-Jitsu become an Olympic sport.

My Jiu-Jitsu goals are to place 1st at the 2022 IBJJF PANS KIDS for my bracket, and if not this year, then next year. I want to keep training until the Belt turns BLACK! And lastly, I would very much like to learn enough to help teach younger kids this sport. I think it is very important for young kids to learn jiu-jitsu so they can defend themselves, gain confidence, and meet a lot of really nice people.

Currently I hold 6 Gold Medals, 6 Silver Medals, 4 Bronze Medals, and 1 Samurai Sword! My latest win was winning double Gold at Newbreed in both the Gi and NoGi brackets. Hopefully, I will be increasing my Gold medal count at PANS in a few weeks.

My biggest challenge is that I get in my head a lot. It is something that I work on daily, but with the help of my Jiu-Jitsu family, my actual family, and my friends, I am learning to be more confident. My favorite part about Jiu-Jitsu, other than choking out boys, is the amazing friends I have made and how much love and support the community offers me.

The grind can be hard, there are times I want to give up, but regardless how hard and discouraging it may get, I have never once given up, and I never plan to.

Happy hunting and I'll see ya on the mats!
