Armrestling Champions practices once a week at the Vancouver armrestling club. We only practice once a week because of the recovery time required. We are located in Vancouver, British Columbia, Canada

Each team members goal is to be the best they can be and ultimately to place and get a medal at the Provincial or National championships.

Armrestling is a very unique, challenging and demanding sport. It uses unique muscles that are

not used for anything else. Armrestling causes much pain after practicing and many people

stop practicing because of this.

Armrestling is an amateur sport and there is no prize money. People that continue to train, do it for the glory of winning, not money.

People armrestle for many reasons: it brings together good people, is a very social sport and it is rewarding both mentally and physically

My name is Darryl Kinsey and I'm 7 years old. I started playing football for Duval Jags when I was 5 years old. I started off playing on the defensive and offensive line. When I moved up to 7u, I was giving the opportunity to play on defensive. While playing flag football my coach gave me a opportunity to play RB, and surprisingly I was actually good at it. I played basketball for one season, it was an ok sport, but it wasn't my thing. While I'm on this journey of learning the game. My intention is to reach my highest potential in each

position that I get an opportunity to play. My number one goal in life is to become a police officer, and one day join the S.W.A.T Unit. I'm in the second grade making A's and B's. It's my plan to make straight A's next school year for all four semesters. I give my all in everything I do to become a better student in life. Years from now I just hope I can look back and read this article, and say I reached every goal I set for myself.
