Cameran has been modeling for me for 2 years. Monica Faulk recruited her to me. When I connected with Cameran I was so excited to work with her. She modeled all of my swimwear and made them come to life through photos. I am so glad that I got the chance to work with her.

I have accomplished everything I've set out, but one thing is to complete my degree which I'm currently working on. I can proudly say I've been published in numerous magazines, and I've adorned the box cover of several adult films. I've

shot for top companies like Reality Kings and Kink.

I was born in Cuba and i grew up in Italy,
Fashion is something that i've been
around since very young age.

My modeling career started at 17 years
old more like a hobby then a job, when it
really started to pick was right after the
pandemic, when i started to get more
modeling gigs.

I dedicated my life to the restaurant, i
bartended for several years in different
cities and countries until i got into a car
accident and i had to abandon that life.

i used to have the clock-in clock-out mind
set and really took me a lot of mental
effort to change that.

Today i dedicate myself to modeling/
promotion modeling and private events
here in Las Vegas fusing my modeling
experience with my bartending and
costumers skills, bringing on set what
several years in different countries
taught me.

My name is Elisabeth Thomas, and I work hard to create a safe space for women! My goal is to promote body positivity and a healthy relationship with your own body. Society and the industry puts a lot of stress on younger girls and teens to be really skinny and flawless, but I strive to break all of those expectations. A persons flaws are what makes them who they are and you will become most powerful when you are fully in love with yourself. If you agree in any way, join me to support women and follow along for tips on how to be confident!

I am Kat Gemini, a goth alternative fashion model and have been a model for 3 years and am still feeling like I'm in a dream. I want to get in as many magazines as possible and the chance of being a cover girl! I was signed in September 2019 and got my first submission with Tease magazine only months later. My main photographer is my husband who was signed with me as well. It has been such a beautiful binding experience for us to share this passion and get discovered together. I

am so amazed by how fast my fan base grew with his help and am so blessed to be living our dream together. When we first started out we had our share of negativity from others, but gained support from our peers so quickly that we never gave up. I look forward to working with as many others as possible too and making friends in the industry.

Growing up in a small village where everyone knew everyone I was always eager to explore the world around me. I wanted to achieve more than what I had growing up and nothing was going to stop me. I have been modeling as a hobby for most of my adult life. Now I am the CEO and Co-Founder of The Charlotte Proctor Guardian Angel Foundation. We started it in loving memory of our grandmother Charlotte Proctor. I am also the CEO of my own private customer support software company. In my spare time I really enjoy cooking and traveling to warm ocean-front locations. I am an activist for The Clean Water Act as well as a representative for Save The Children. I love animals and consider myself an animal rights advocate too!
