the owner of Heavenly Paris Artistry's.

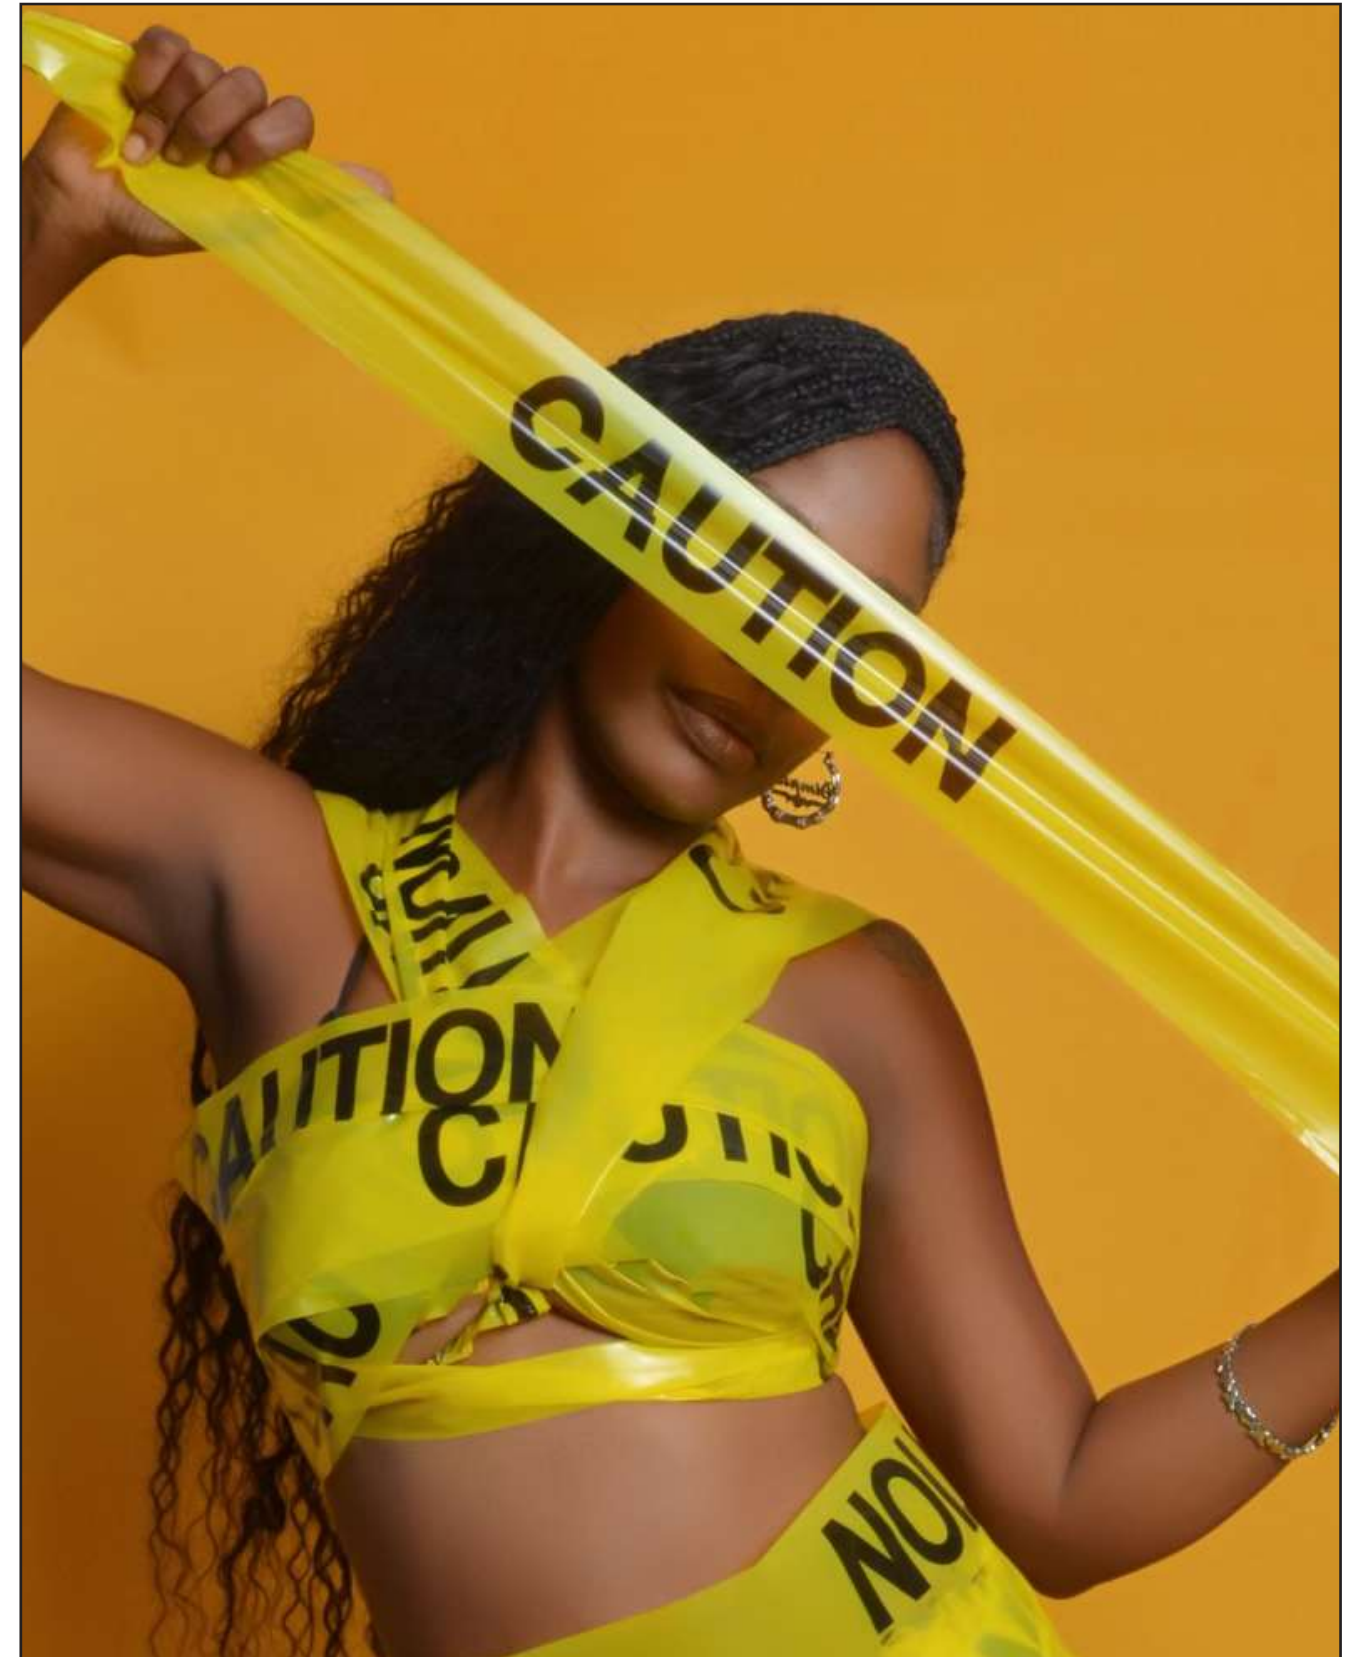

I have over a decade experience as an International Published model and a Professional International makeup artist. I've helped women feel beautiful and confident, whether it's soft glam or a bold runway look. Makeup and modeling are more than just artistry and creativity, it's healing, it's transformation, happiness, peace and it's ministry in its own way.

I'm also the founder of Cameion Chateau Boutique, an online boutique that's currently in rebranding and in development. It's a space I'm building for women who want to walk boldly in style and live beautifully inside and out. The name reflects transformation, elegance, and strength, everything I've become on this journey.

I've had to overcome, doubt, rejection, financial setbacks, people who didn't believe in me, and moments I felt completely alone. But I never stopped. I kept praying, kept pushing, and kept showing up. And God kept opening doors. I give all the Glory to God!

This is only the beginning. I want to inspire others to dream boldly, walk with God, and never be afraid to take a leap out on faith. Whether it's through fashion, modeling, or my boutique I'm here to remind others that their story matters and they can do it if they just put God first, trust, believe in yourself and try.

## God Answering Heart Desires by Turning Dreams into Reality

By: Yolonda Crumpton (aka  
Heavenly Paris)

Modeling has always been more than just photos and runways for me. It's been a dream rooted in faith, shaped by resilience, and guided by purpose.

Modeling is empowering. It builds confidence, breaks barriers, and allows us to express beauty through movement, art, and creativity. It's storytelling without words.

I've been blessed to walk in some incredible shows, London Fashion Week, Cayman Islands Fashion Week, Paris, Miami, LA, New York Fashion Week, and more. Every runway I step on is a reminder, God will answer your heart desires if you just make time for God and trust in Him.

Along the way, I also started curating my own NYFW Modeling contests to give aspiring models the kind of opportunities I once fought hard for. The purpose is to share the full experience, to show models the ins and outs of Fashion Week, the castings, the fittings, the shows, the afterparties, and the energy of being surrounded by so many opportunities and open doors. It's all about showing up, being ready, and taking it all in. The contest was such a powerful and memorable experience. The winning contestant gained and learned so much! It's a complete joy being able to help others to learn and sharing the gifts that God blessed me with.

I'm not just an international published model. I'm also a professional makeup artist. I'm
