My names Faye Delune, and I'm A Professional Model and Photographer, of over 10+ years (and counting!), but I'm really just an all around creative person and artist. I make a lot of different forms of content and art. Online Content is my main form of art tho. Honestly my dream is to just make art, and make others happy. If I can spark a reaction of any kind from my art, then I've met my goal. For the past 10 years, I've been studying and learning photography and modeling, and really enjoying the artistic aspect of both. I'm a huge nature lover, so I try my best to incorporate nature into my work. But really, I just love bringing ideas, and stories to life with my art. Almost every image of either me, or my photography, I try to convey a story within it. In 10 years, as a model, I have graced countless of magazines, and runways, but I think my most notable achievement was being a model for hot topic repetitively, but as well as a

photographer who helped me start my portfolio off, 10 years ago. Through the years, I've had the pleasure of meeting a lot of very cool, interesting, and kind people. I'm a social butterfly, so obviously this was heaven for me. People leave impacts on you, and this job of mine, regardless of if I'm the model or photographer, allows me to meet lots of people, who usually leave impacts on me and vice versa, and learn lots of new things. Learning is also a passion of mine. I enjoy any shoot that allows me to learn something new from it.

I love making art, and love showing it off. I hope you enjoy my work, and I welcome you to my world.

My name is Shantel Davis. I am from Miami Florida. I am a Fashion Designer and Seamstress. I started sketching styles at the age of 11. Then at the age of 13 I started learning how to sew in Home Economics. Then it became an addiction. In high school I sketched my latest styles. I own a lot of portfolios. At the age of 17 I sewed and designed my own costume for a talent show I was in. I made a dress without a pattern. My Mom, Aunt and my Grandma use to sew. You can say that it runs in the family. I learned that my Mom designed clothes for my siblings because clothes were too expensive back in the days. So she cut and sew all of her designs. But I wanted to better my sewing and designing so I took classes at Miami Dade College. I graduated with an associate degree. Then I met Marie Jouberthe in 2008 she taught me how to design my own patterns. I took everything that I learned from her and I am applying it in every style that I want to design. So I have been taking classes here and there just to hone my skills. I have sold over 50 of my collections from Online, Consignment Stores and from the Flea Market. My next step is to get my clothing line in Macys, Jcpenny or in any most talked about Retail store. I also helped 48 Models that I have worked with to get published in Model magazines. There is more to come.

I chose that theme because Pink is my Favorite Color. So I had all of my Models to Model in all of my Pink Collections. All the Models slayed the runway. Thanks to Donnetta Loper a fellow MUA for helping me make the show possible. I am so glad that I got to work with Stella.
