My name is Annysten, I am 8 years old and my goals for this year are to be able to get my tuck. I just got my double back handspring on the mat and a back handspring on the grass. I have been cheering and dancing for four years, two of these year have been at All Star Revolution. I have an amazing coach named Kym. she has taught me to be the best I can be. My long term goals are to be a Varsity cheer leader in High School and also go to TVCC or Navarro Junior College and eventually maybe Texas Tech or another Collegiate cheer school. I also love to dance. I can dance to

anything and love doing it with a smile on my face. I couldn't do it without the support of my parents or my brother. I truly feel like I was meant to Cheer and dance it is how I start my day and end my day. I am thankful for all my coaches and I also want to shout out my private Coach named Miggy who has pushed me from day one. I have so many goals and I am just so blessed that I get to do what I love every day.

I am 14 years old and I have been dancing for 9 years. I hope to continue with dance until I am 18 years old and I have to go to college. I hope to do well this competition season and improve every year. My dream is to become a teacher, whether that be in a dance studio or a

classroom. I hope to always inspire younger kids when I perform. My goals this year are to perfect my splits and scorpions. I also want to improve my needle and get better at turns and spotting when I do them. My accomplishments so far are

getting my 5 year trophy and having a perfect attendance for 3 years at my old studio. I am good at kicks and leaps. I love dance and I hope to inspire others to as well.

Isha McClean

My name is Isha (Ms_Isha_Baby) "I've been in the medical field for over 32 years. I started my education in New York City where I became a Home Health Aide in 1992. I then went on to become a Certified Medical Assistant in 1994 at Blake Business School in NYC.

After relocating to York, PA in 2001, I got back into healthcare as a Medical Assistant with Conentra Medical Center in York, PA. I then went into the nursing homes and became a Certified Medication Tech and went on to administer medication in nursing facilities throughout York and Adams County. While continuing my education I worked in the Mental Health field, working with individuals with dual diagnoses. I obtained my associate degree from HACC in 2010. Now, a few years later and into the present, I can bring my vision, along with my assets, to IPH and help take this company to new levels."

Now at this beautiful age 50, I'm embracing my modeling/acting hosting career. It's never too late to chance your "Dreams". I shall slay into the next phase of my life gracefully. I would love to tap into acting on stage and the big screen. My goals for moving forward, is to take acting/ improv classes along with perfecting my modeling career. I would love to see my image featured in Time Square NYC.

Jairia Kennedy

My name is Jairia Kennedy. I'm a fierce, confident full-figured woman. Who enjoys being a wife, mother and sharing confidence to and with other curvy Diva's. I started this modeling journey with the

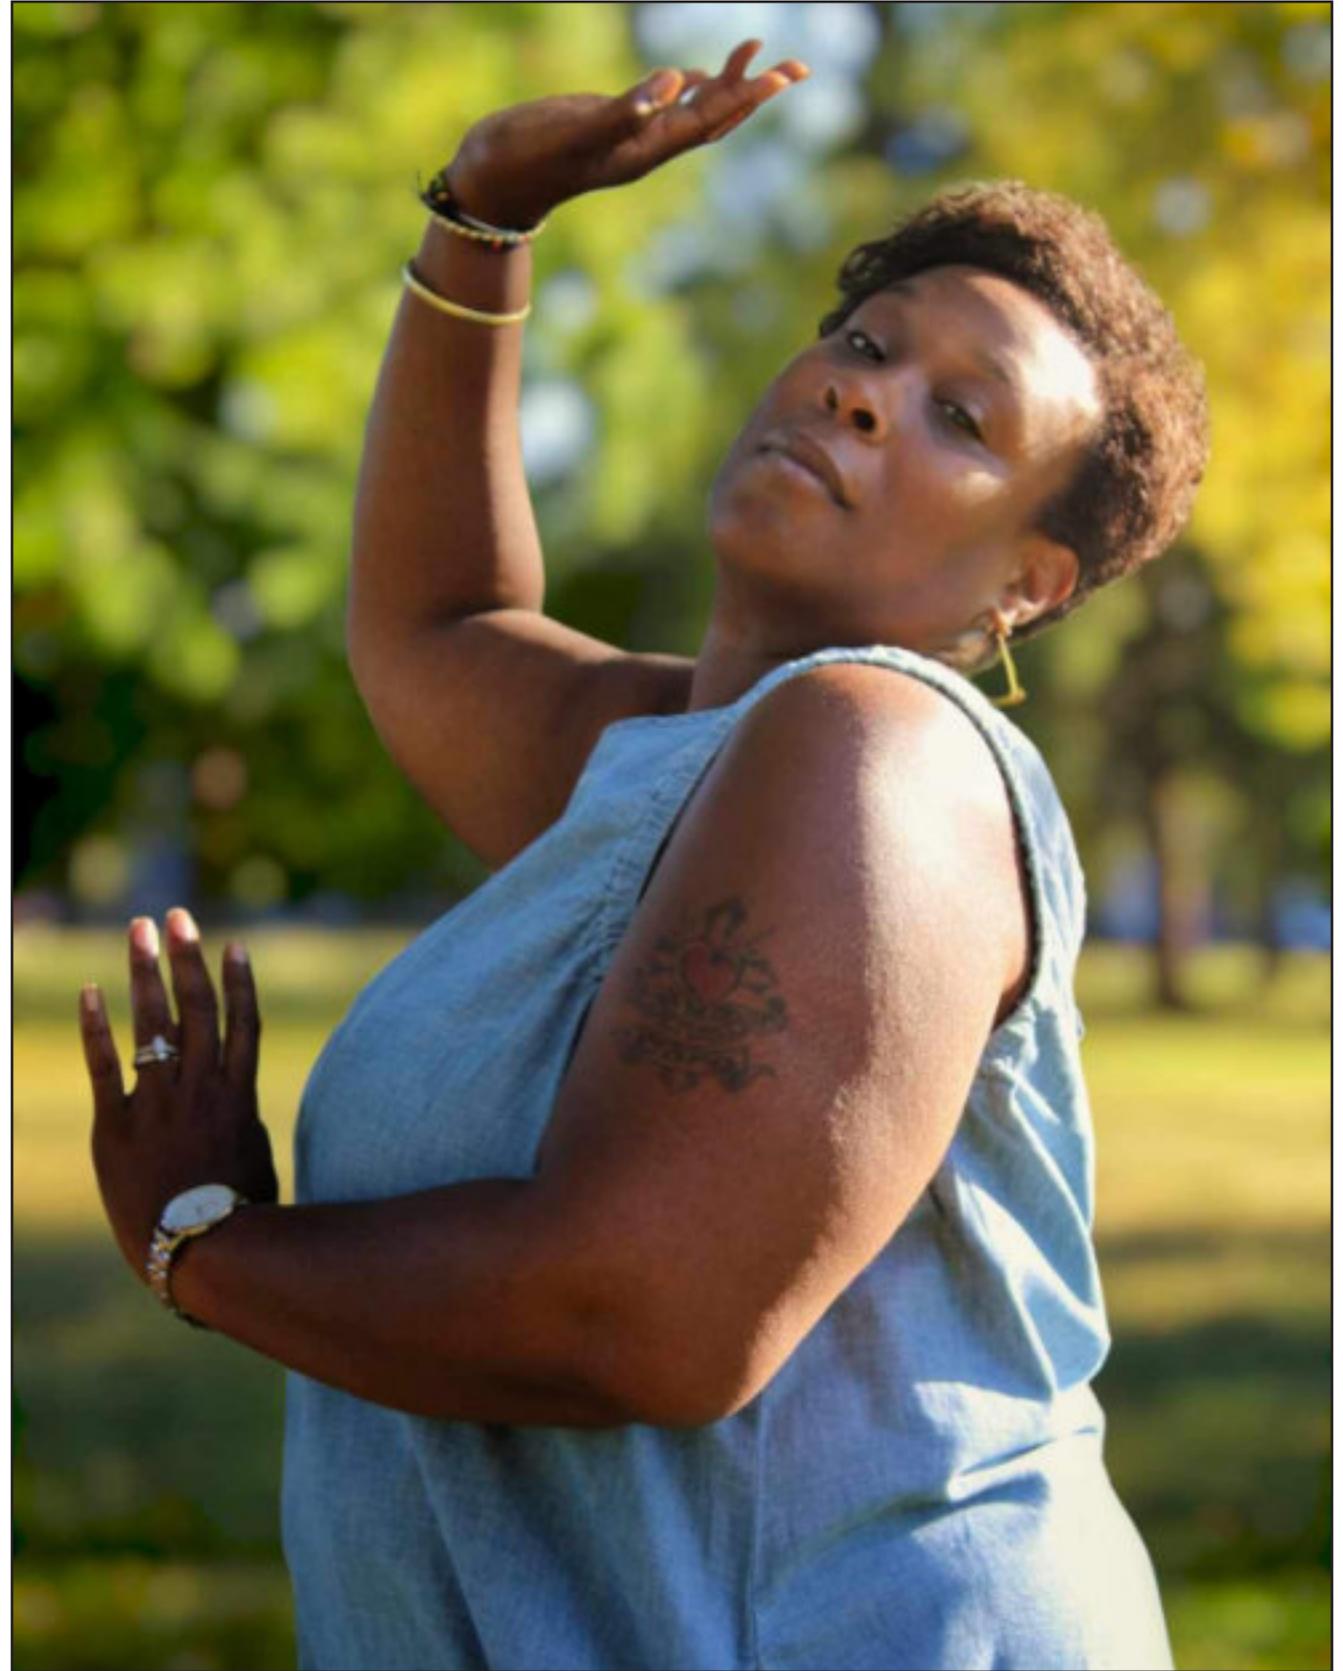

Fabouls Full-Figure Diva's and Gents of Baltimore, MD; under the wonderful and amazing leadership of Gwenda "buttercup" Walker. Where I learned the skills, CONFIDENT, to believe that being a Fabouls

full-figure woman is not a body type but a MINDSET!!

My name is LaKeshia Marie Smith. I am a licensed social worker and professional model. I work with adults in the community who have mental and physical disabilities. I coordinate

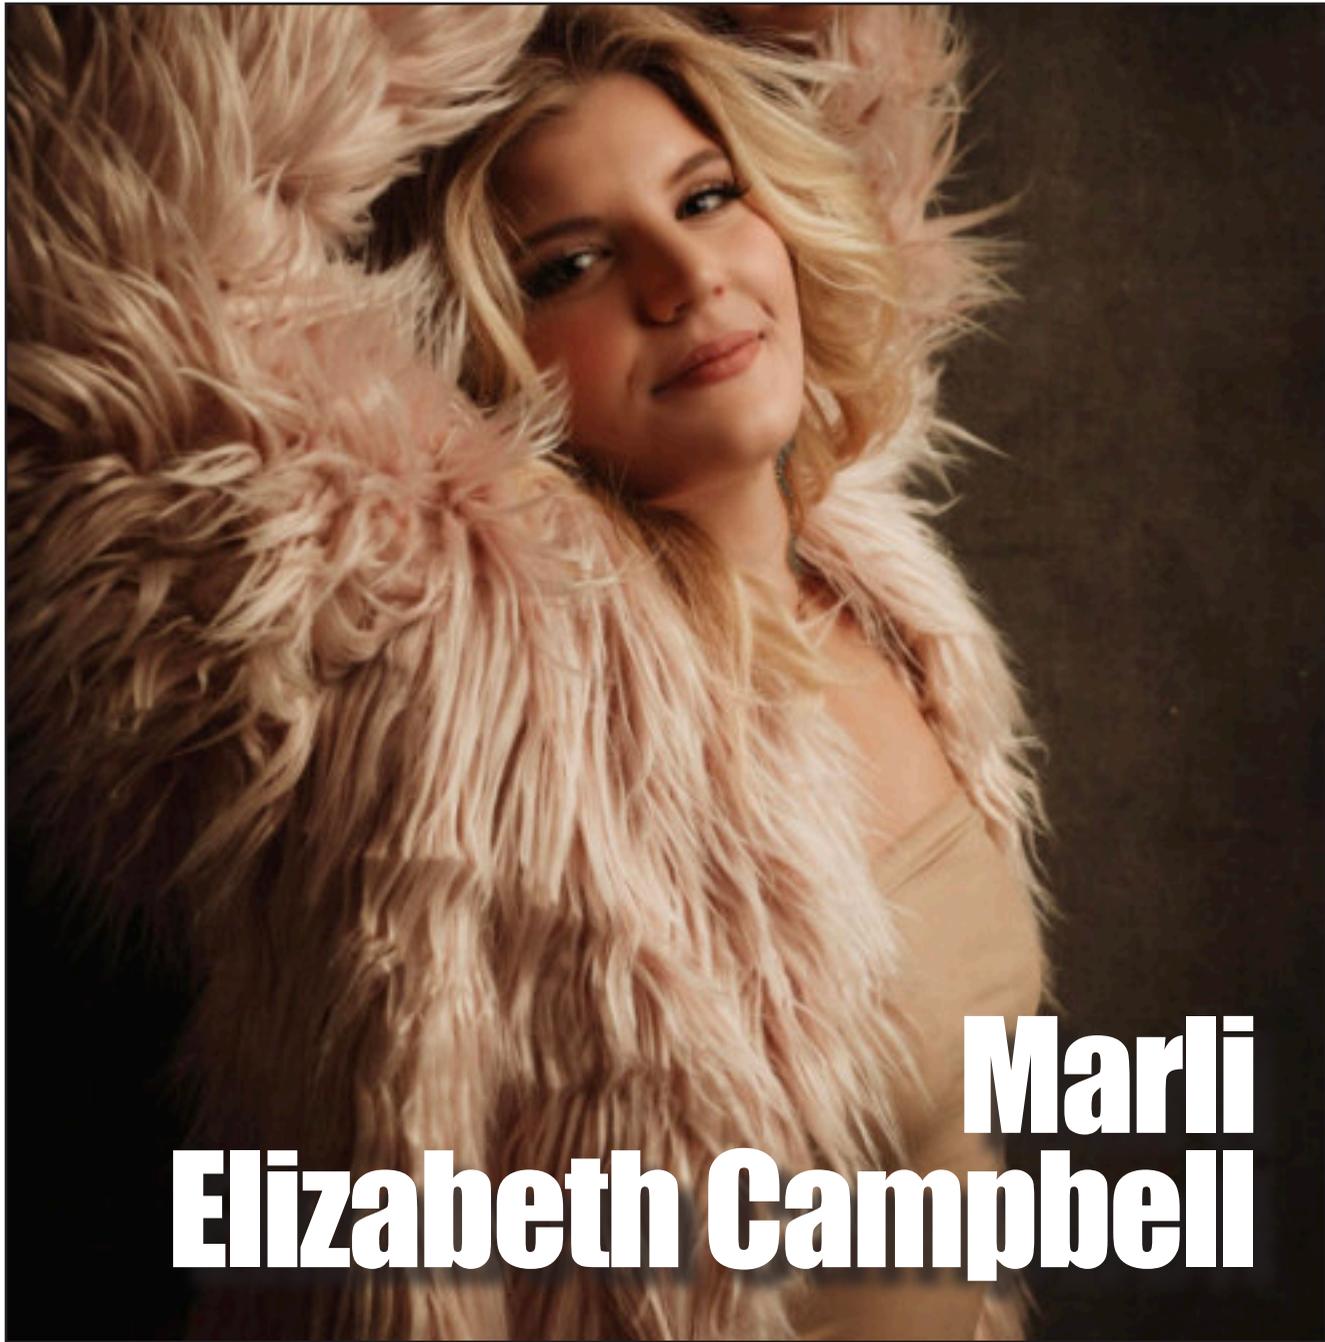

services that help them stay in the community instead of the hospital or nursing home. I enjoy modeling. I hope to one day use this as a platform to promote mental health

awareness in our communities. A lot of models use this craft as an outlet. I just want to be able to use my voice to advocate for those who have yet to find theirs.

Marli Elizabeth Campbell

My name is Marli Elizabeth Campbell. My goals are to become a Commercial Airline pilot and to continue to excel in golf. These are two areas that continue to be mostly male-driven and I aspire to "glitz" up both of these fields. I have faced challenges throughout my life

this far - never been a part of the "in" crowd and exclusion. I have learned that I was never meant to "fit the mold" but rather to create my own. I have participated in band, softball, basketball, twirling, drama, cheer - but golf has become my "niche". I am an honor roll

student and have been my entire school life. I am a firm believer that if you work hard in life - opportunities will find you. Remember me - I might be the one to break glass ceilings.

Morgan Brutti Campos Alfaro

Dancer Morgan Brutti Campos Alfaro from Italy to the Biggest Stages in the United States.

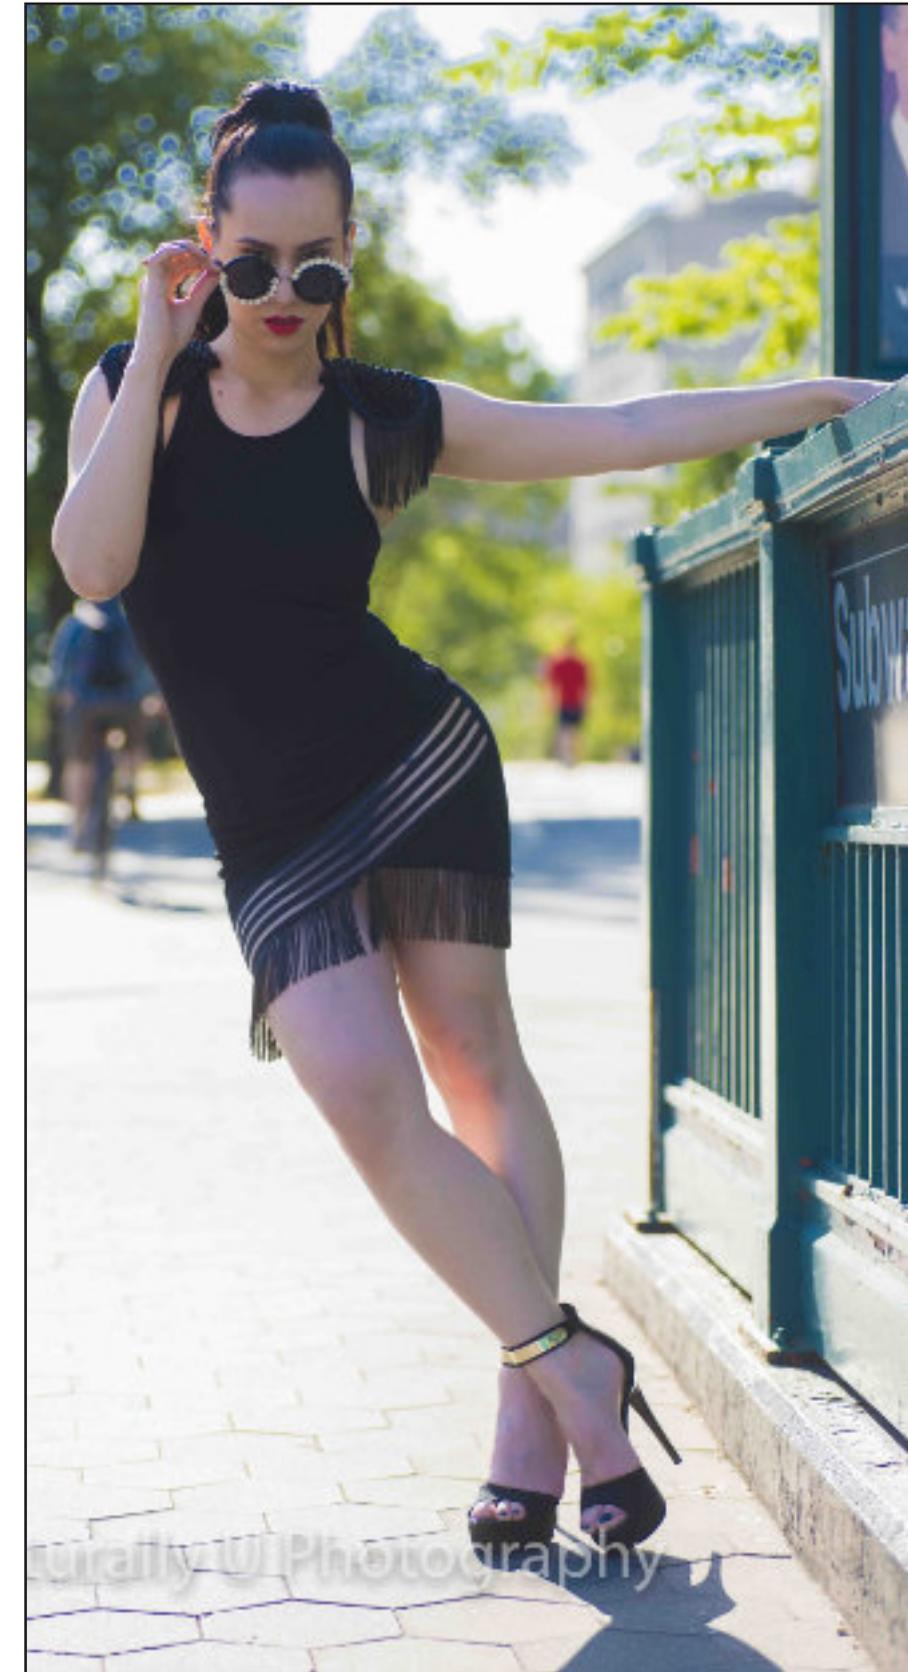

Morgan Brutti Campos Alfaro is an Italian-Latin American professional dancer and model. Now she lives in one of the coolest places on earth, New York City, where she's living her dream as an artist.

Morgan has worked in big TV shows, touring and for famous artists, but she is not only a gifted dancer: this incredible performer was an inspiration during the Covid-19 pandemic, allowing her to continue to pursue her passion, but also inspiring countless artists around the world to engage in the performing arts through the use of live-streaming entertainment apps as a viable alternative to in-person performances, revolutionizing the world of artists in this time of severe social estrangement.

As most of the best dancers in the world, she decided to move to New York and study at the most prestigious dance schools, the Broadway Dance Center and the Peridance Center located in the heart of the stunning M a n h a t t a n .

In New York City Morgan performed live on Good Morning America, HBO Latino, Stay Tuned NBC and for major artist like Yandel, Puff Daddy, Afrojack, Lil Jon, Lil Mama to name a few. She also had the great opportunity to work on a tour around the States and Canada with the world's biggest Bollywood Stars such as Katrina Kaif and Salman Khan.

Her unique moves and style made her one of the most popular dancers in the "City that never sleeps", and after chasing her for a while, we finally had the opportunity of talking to her about her life and career!

Morgan, your life sounds so interesting, what is your day like?

I wake up at 8 a.m. and prepare my super protein breakfast to get 100% charged up! After that I train for about 2 hours in the gym, athletic training is very important for us dancers both mentally and physically, but mainly for performance and the long hours of studio rehearsals we have to endure.

My workday then starts with my dance classes for childrens, fitness classes, rehearsals for shows, live performances, and on weekends I work at the most renowned venues in the Tri-State Area with internationally renowned artists!

And let's not forget about the dance classes that I take regularly to stay in training but especially as preparation for the auditions that I prepare for on a weekly basis!

In short, every day I have to be at the top of my game to give my best on any occasion!

I love this lifestyle! It's a lifelong dream come true!

Your dance is stunning and appears to be effortless, but we all know it's the result of many hours of training and hard work. How many days do you train a week?

Usually 5 days a week!

You also studied acting, how did that influence your approach to dance?

I started to study acting years ago in Italy at one of the most renowned schools in my city, Arts Studio Verona, and then resumed my studies online

with Sivar Actor Studio to carefully delve into this discipline and discover its most interesting sides and then treasure it in my work field.

I believe that in the training of a dancer sometimes there are not the necessary tools to bring out one's emotions and versatility, consequently studying also acting allowed me to apply these skills in my field and to complete myself even more as an artist.

In addition to your love of dance, you love fitness! Tell me more about it.

Fitness is a lifestyle for me!

I have been passionate about fitness and sports for many years, it has also allowed me to become a determined, disciplined, very resilient person and it has also been a way of communicating who I am.

My character, strength, boldness and courage I communicate through dance and fitness.

Where can we see you in the near future?

Actually, in a bunch of things, which is very exciting! Out of superstition I don't like to reveal my future projects but I am working has something very interesting about fitness ... but I won't reveal more. LOL

Stay tuned for my upcoming adventures!
