With social media modeling as a plus size women is becoming more visible and appreciated, however with that my biggest challenge is sometimes blocking out the hurtful things that are said.

Bridgette Billion is one in a million and those gorgeous pics be killin! She is 43 years young with 5 talented children whom she adors and spends most of her time with as a stay at home mom. Born in Lancaster Pennsylvania Bridgette faced many challenges early in life including homelessness, addiction, and what seemed like a career criminal on probation in 3 counties in and out of jail numerous times a year for over a 10 year span. That is until her spiritual awaking. Which since 2008 she has dramatically turned her life around using cannabis as an exit drug believing that "we can be healed all naturally by all that is given unto us by the creator God himself" says Bridgette. Her passion and testimony for the plant bloomed into who she is today, fierce, strong, bold and beautiful and small business owner of her very own cannabis company called Mother Hemp. You can check her out here (www.motherhemp.life). She has 5 years plus making hemp skincare products & as a patient care specialist assisting patients in obtaining their medical Marijuana Certifications. She recently has received her own certification from Harrisburg Community College for cannabis cultivation and was featured on the local news for it and her business. Currently she is working on writing a cannabis cookbook and even has plans to write a book about her life and testimony one day. She dreams of having her own cannabis farm and for her company to grow into an east coast household name. She found her second passion and calling 3 years ago in modeling, fashion shows & photoshoots. "Cannabis has brought me great joy helping others heal and modeling has brought such great joy and self confidence in my life!" She says. She has even landed a Cop role in the highly anticipated 'The Real Harrisburg 717' film due to release sometime 2025/26. This is one BOSS BABE with BIG GOALS and ambition that you will definitely be seeing more of in the future.

Hello Mike,

My name is Ceita, and I was inspired to reach out through our mutual connection, Mike Sutherland. Mike has been a great friend, and I've often drawn inspiration from his work. While I'm not currently pursuing fashion, modeling, or photography, these passions have been part of my journey, especially in my younger years.

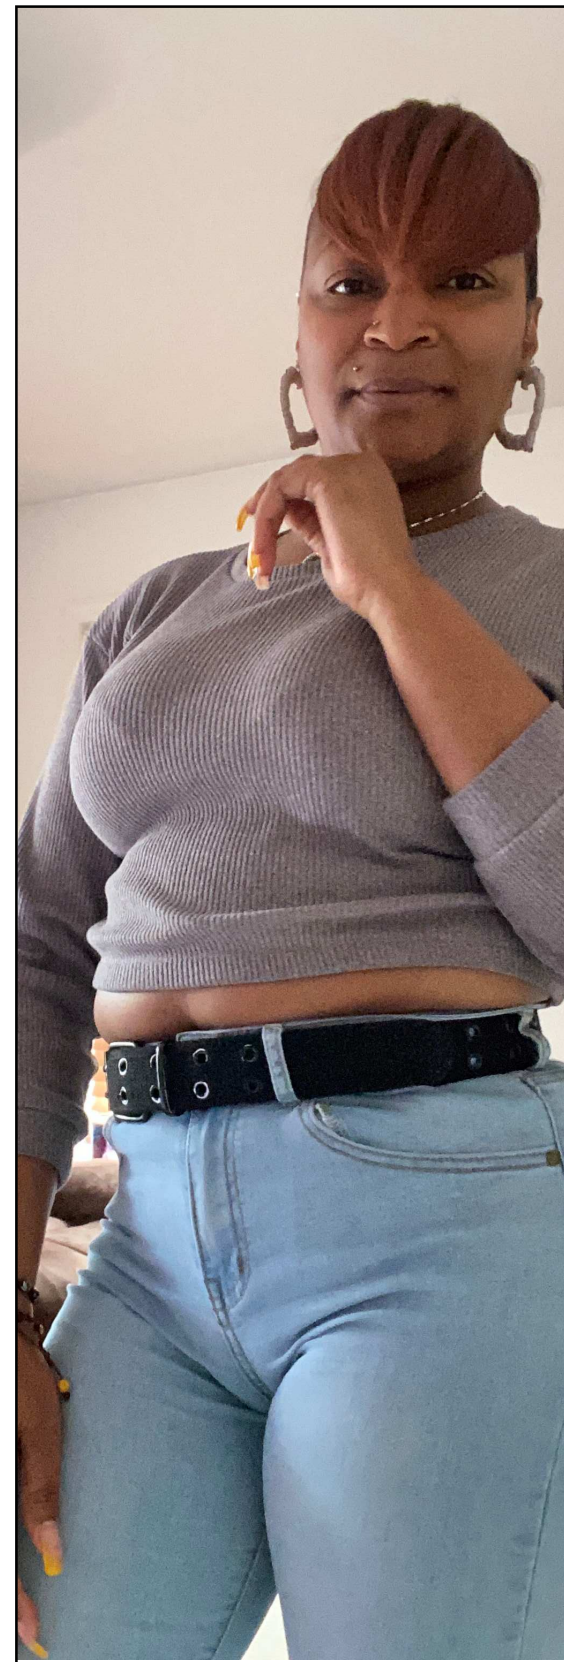

My goal is to inspire and empower seasoned women to embrace their unique sense of style, elegance, ambition, and drive. Society often tries to dictate how women should dress or behave at a certain age, but I believe age is just a number. Fashion, like confidence, never fades—it evolves, and it's a timeless expression of self.

I aim to help women all over the world embrace their femininity, beauty, natural curves, intelligence, and the very essence of womanhood. This transformation starts within and radiates outward through creativity and art.

One of my proudest achievements was recently featured on a local TV show, showcasing a project I call *SeenSation*. Inspired by the beauty of aging women, I organized a photoshoot in honor of my grandmother's 104th birthday. She was the star, joined by her living sisters, all in their 90s. We collaborated with a local vintage shop in downtown York, along with volunteers for hair, makeup, and wardrobe changes, to celebrate these incredible women.

This project was about more than just photos; it was about making our seniors feel seen, valued, and celebrated. Too often, their wisdom and beauty go unnoticed. Through *SeenSation*, I wanted them to know they are still *SeenSational*.

Thank you for allowing me to share my story and vision.

MES CONSEILS POUR METTRE EN VALEUR
VOTRE PROPRIÉTÉ CET ÉTÉ!

✓ **Aménagement soigné:** Assurez-vous que la pelouse est tondue, que les mauvaises herbes dans les parterres de fleurs sont enlevées et que la façade de la maison est propre et attrayante. Un coup de peinture frais sur la porte d'entrée peut faire des merveilles.

✓ **Faire des travaux d'entretien:** Profitez de la période estivale pour régler les petits problèmes d'entretien, comme les robinets qui fuient, les ampoules grillées, les portes qui grincent, etc.

✓ **Jouer avec la lumière naturelle:** L'été, la lumière naturelle est abondante. Ouvrir les rideaux, les stores et les volets pour laisser entrer la lumière. Assurez-vous que les fenêtres sont propres pour maximiser la luminosité à l'intérieur.

✓ **Créer une ambiance estivale:** Des coussins colorés sur le patio et une table dressée pour un barbecue imaginaire dans la cour peuvent aider les acheteurs potentiels à visualiser leur vie estivale dans la maison. Ajoutez des touches décoratives comme des lanternes, des plantes en pot et des meubles d'extérieur confortables afin de rendre votre extérieur plus chaleureux et accueillant.

✓ **Une pelouse verte:** Un beau gazon peut augmenter la valeur de votre maison, assurez-vous de bien l'arroser et le fertiliser lors des canicules.
