I have lots of dream roles , and I have lots of different dream jobs in modeling and acting that I would love to achieve one day it would be too long to list everything if I said every single dream job I want because there is a lot every day I get inspired to do every day I come up with new dreams, and I get inspired all the time i'm always working on, becoming my best self. I can be I always try to give 110% on every job and opportunity I get. And and to answer y'all's question about challenges, . I faced a lot of challenges but I don't like the talk about the negative. I always like to talk about the positive. I do hope one day in the future that I can make a movie about my life and my story I do think it's an interesting story to tell and my background and everything I've faced in life one day and talk about all that in depth, and

I would love to help other people who go through similar situations and bring a light to situations like that but I try to always focus on the positive. I don't let negative people things in enter tact with my career or me it really at the end of the day You don't need that type of energy

in your life, so it really don't matter what those type of people think or feel about you because my dignity is in God and that's the only opinion I really care about because at the end of the day that's who really matters, and I learnt a lot on the challenges I will say, and I'm grateful in a way for everything even the challenges because it made me who I am as a person and it made me make amazing choices, and taught me a lot of things and help me grow. And made me become wise in a lot of ways but I hope to share the wisdom and knowledge and advice to upcoming models who has been through similar experiences., and anybody who wants to hear my story maybe one day in the future when I make a movie about my life or TV show or a book, so that's what I'll talk about the challenges in a movie that's what I plan on doing one day it's been a dream of mine for a while to create a movie and talk about it cause I think it would be an interesting story to tell

I have a long way to go, in my career but I'm proud of how far I've come in my journey. and at the end of the day i'm happy and living my dream s and that's what really matters so it don't matter what some bully says and that's the advice I give on that I think we should always have people who lift us up in our life and support us and cut out all the toxic and haters and negative people out of your life because you can replace it with so much better. If one won't another one will God gotta always bring better There's people out there that will support you uplift you and be happy for you and want the best for you in life and want

you to have your dreams and accomplish your dreams and be happy and that's the type of people you want in your life that's the advice I give also if one won't another one will I promise you that in your career or life God always brings the best and then you look back I promise you're be so grateful for the better things in life and you're grateful you didn't let the negative affect you in the end nothings better than achieving your dreams and looking back and realizing how far you've come it's one of those moments you can't describe so don't hold on to negative or toxic behaviors of other people you don't need people like that in your life because God will always replace and give you so much better then negativity and bully's and Gods gives us so much better God bring the right people in your life at the right time and it'll work out for the best and that's how I see it. We only live once, so I think we should learn for lessons. And grow as a person and don't repeat the same mistakes. And that's how I look at it.

I have several more dreams and goals that I am still working towards. James Bond would be a dream to be in, even if I were just in one scene and saying something that would be amazing because it is James Bond. One goal that I am working towards is getting The Frenzied Quill produced and distributed.

Paul Bagnall and I already have the script and we already have season 1 done, we are working on season 2. Mark Denham is ready to play Michael in The Frenzied Quill. There are always challenges in this industry, nothing comes easy but you take on everything and work on it.

When I took on the challenge of becoming an actress, because I looked younger and got younger roles, I used to turn down certain roles, and now I accept them. Because of this, my careers have become better and more enjoyable. Challenges can be good for you and your careers, and help you grow.

I am Tiera, but I prefer to go by my nickname and professional moniker, Lucckyy. Originally from Richmond, Virginia, I grew up in Greenville, North Carolina. Although I'm faced with the challenge of being a single mom and pursuing my dreams on my own with little to no help I never let that define what my future will look like! As a business owner, I operate Silk Strands by Lucckyyy, an online hair store. My entry into the entertainment industry began with modeling, which I started about two years ago. Shortly thereafter, I transitioned

into acting. My career highlights include participating in prestigious fashion events such as NC Fashion Week, NY Fashion Week, and Paris Fashion Week. I have also appeared on billboards in NYC and had a starring role in PlayGirlzClub on ValleyTV. Furthermore, I have been cast in a lead role for the upcoming filming project Dirty Dollars, scheduled to commence production in Atlanta in spring 2026. Although I did not initially plan to pursue a career in modeling and acting, they have become my passion. My ultimate goal is

He's grateful for the support of Elsubie Verlindin, who gave him the opportunity to pursue his dreams and

## MES CONSEILS POUR METTRE EN VALEUR VOTRE PROPRIÉTÉ CET ÉTÉ!

- ✓ **Aménagement soigné:** Assurez-vous que la pelouse est tondue, que les mauvaises herbes dans les parterres de fleurs sont enlevées et que la façade de la maison est propre et attrayante. Un coup de peinture frais sur la porte d'entrée peut faire des merveilles.
- ✓ **Faire des travaux d'entretien:** Profitez de la période estivale pour régler les petits problèmes d'entretien, comme les robinets qui fuient, les ampoules grillées, les portes qui grincent, etc.
- ✓ **Jouer avec la lumière naturelle:** L'été, la lumière naturelle est abondante. Ouvrir les rideaux, les stores et les volets pour laisser entrer la lumière. Assurez-vous que les fenêtres sont propres pour maximiser la luminosité à l'intérieur.
- ✓ **Créer une ambiance estivale:** Des coussins colorés sur le patio et une table dressée pour un barbecue imaginaire dans la cour peuvent aider les acheteurs potentiels à visualiser leur vie estivale dans la maison. Ajoutez des touches décoratives comme des lanternes, des plantes en pot et des meubles d'extérieur confortables afin de rendre votre extérieur plus chaleureux et accueillant.
- ✓ **Une pelouse verte:** Un beau gazon peut augmenter la valeur de votre maison, assurez-vous de bien l'arroser et le fertiliser lors des canicules.
