I'm a full-figure model who wants to spread a smile at time of confidence and positivity to the world. I'm a self-sufficient coach who loves to speak and work with individuals, to help guide them to their success and self-

sufficiency. I want to be a personality of love, confidence to help plant seed of self-love and self awareness.

Spring fashion in Hollywood is bold, bright, and occasionally baffling. Expect to see:

- Floral suits that look like they lost a fight with a botanical garden
 - Sandals worn with the confidence of someone who has never stubbed a toe
 - Hats so wide they require their own SAG membership
- And of course, the annual trend that no one asked for but everyone pretends to love.

The Return of the Influencers

Spring is also when influencers reappear in the wild, filming slow-motion videos of themselves walking through fields of flowers. They'll caption it with something like "bloom where you're planted," even though they drove 90 minutes to find a patch of poppies that matched their aesthetic.

A Season of Hope

Despite the chaos, Hollywood in the spring is undeniably charming. The city feels lighter, brighter, and slightly less dramatic—at least until someone announces a surprise reboot of a franchise that absolutely did not need one.

If nothing else, spring reminds Hollywood that even in a place built on illusion, nature still steals the show.

Weather: The Uncredited Villain

Hollywood spring weather is famously unpredictable. One minute it's sunny and perfect, the next minute it's raining like the city is trying to wash away last year's box-

office flops.

Outdoor film shoots become a gamble. Directors shout things like: "Quick! Film the scene before the clouds realize what we're doing!" Meanwhile, the crew is silently praying for a light drizzle so they can go home early.

Spring Fashion: Choices Were Made

Hollywood in the Spring: A Season of Sunshine, Scandals, and Sneezing

Spring in Hollywood is a magical time of year—if by “magical” you mean “a chaotic blend of pollen, paparazzi, and actors pretending they definitely meant to wear that outfit.” The city transforms as the temperature rises, flowers bloom, and celebrities emerge from their winter hibernation (also known as “award season recovery mode”).

The Great Celebrity Migration

Every March, Hollywood experiences a natural phenomenon rivaling the monarch butterfly migration: celebrities flocking back to outdoor brunch spots. You’ll see them in their natural habitat—sunlit patios—wearing sunglasses the size of satellite dishes and sipping green juices that cost more than a studio intern’s weekly paycheck. Spring also marks the annual return of the “I’m just like you” celebrity photoshoot, where A-listers are photographed doing painfully normal things like buying avocados or walking a dog that definitely belongs to their assistant.

Red Carpets, Now With More Pollen

Spring premieres are a glamorous affair, except for the fact that half the attendees are fighting for their lives against seasonal allergies. Nothing says “movie magic” like a star trying to hold a dramatic pose while their eyes water uncontrollably.

Stylists have even adapted:

- Water proof mascara is mandatory
 - Tissues are hidden in clutch bags
 - And antihistamines are the new pre-event ritual
- Some actors claim the tears add emotional depth. Their publicists

**MES CONSEILS POUR METTRE EN VALEUR
VOTRE PROPRIÉTÉ CET ÉTÉ!**

- ✓ **Aménagement soigné:** Assurez-vous que la pelouse est tondue, que les mauvaises herbes dans les parterres de fleurs sont enlevées et que la façade de la maison est propre et attrayante. Un coup de peinture frais sur la porte d'entrée peut faire des merveilles.
- ✓ **Faire des travaux d'entretien:** Profitez de la période estivale pour régler les petits problèmes d'entretien, comme les robinets qui fuient, les ampoules grillées, les portes qui grincent, etc.
- ✓ **Jouer avec la lumière naturelle:** L'été, la lumière naturelle est abondante. Ouvrir les rideaux, les stores et les volets pour laisser entrer la lumière. Assurez-vous que les fenêtres sont propres pour maximiser la luminosité à l'intérieur.
- ✓ **Créer une ambiance estivale:** Des coussins colorés sur le patio et une table dressée pour un barbecue imaginaire dans la cour peuvent aider les acheteurs potentiels à visualiser leur vie estivale dans la maison. Ajoutez des touches décoratives comme des lanternes, des plantes en pot et des meubles d'extérieur confortables afin de rendre votre extérieur plus chaleureux et accueillant.
- ✓ **Une pelouse verte:** Un beau gazon peut augmenter la valeur de votre maison, assurez-vous de bien l'arroser et le fertiliser lors des canicules.
