Annia Franco

My name is annia and I love being a gymnast. In the gym I can show myself how strong I am and what I can be capable of, I am surrounded by girls

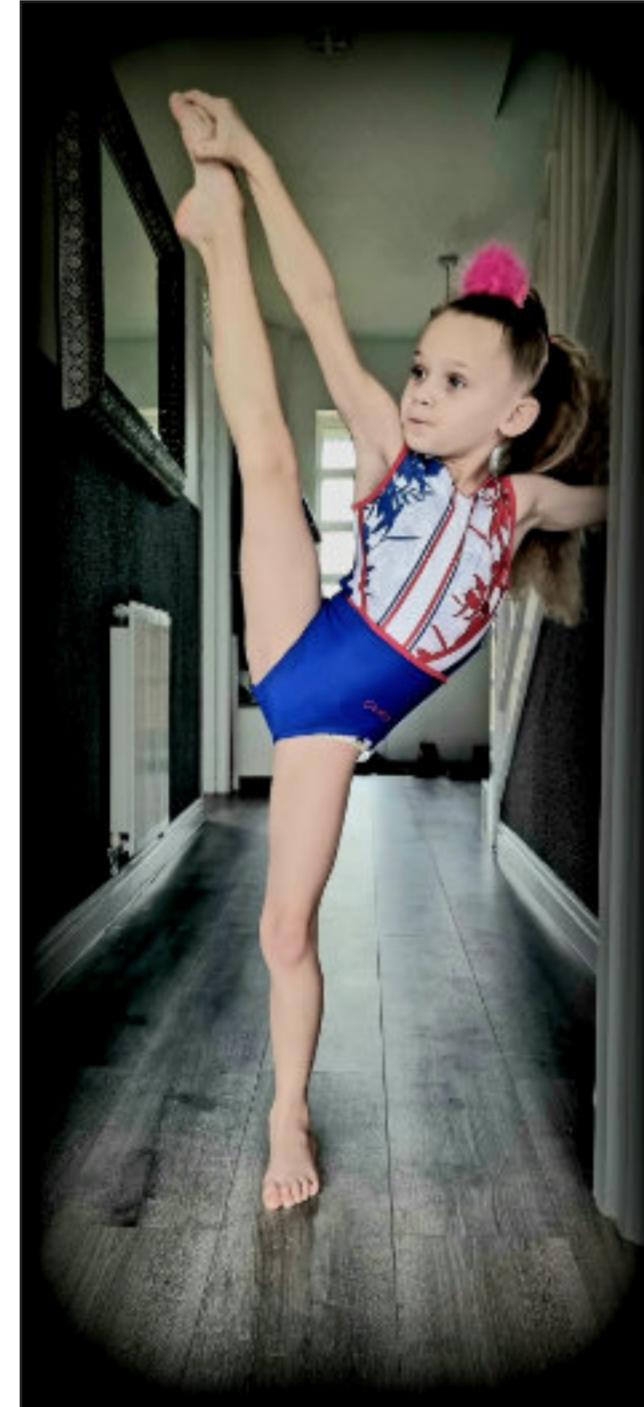

like me who share the same dream so I feel at home. I have fun and I imagine that I can fly, dance, sing, dream, play without limits.

Annia Franco

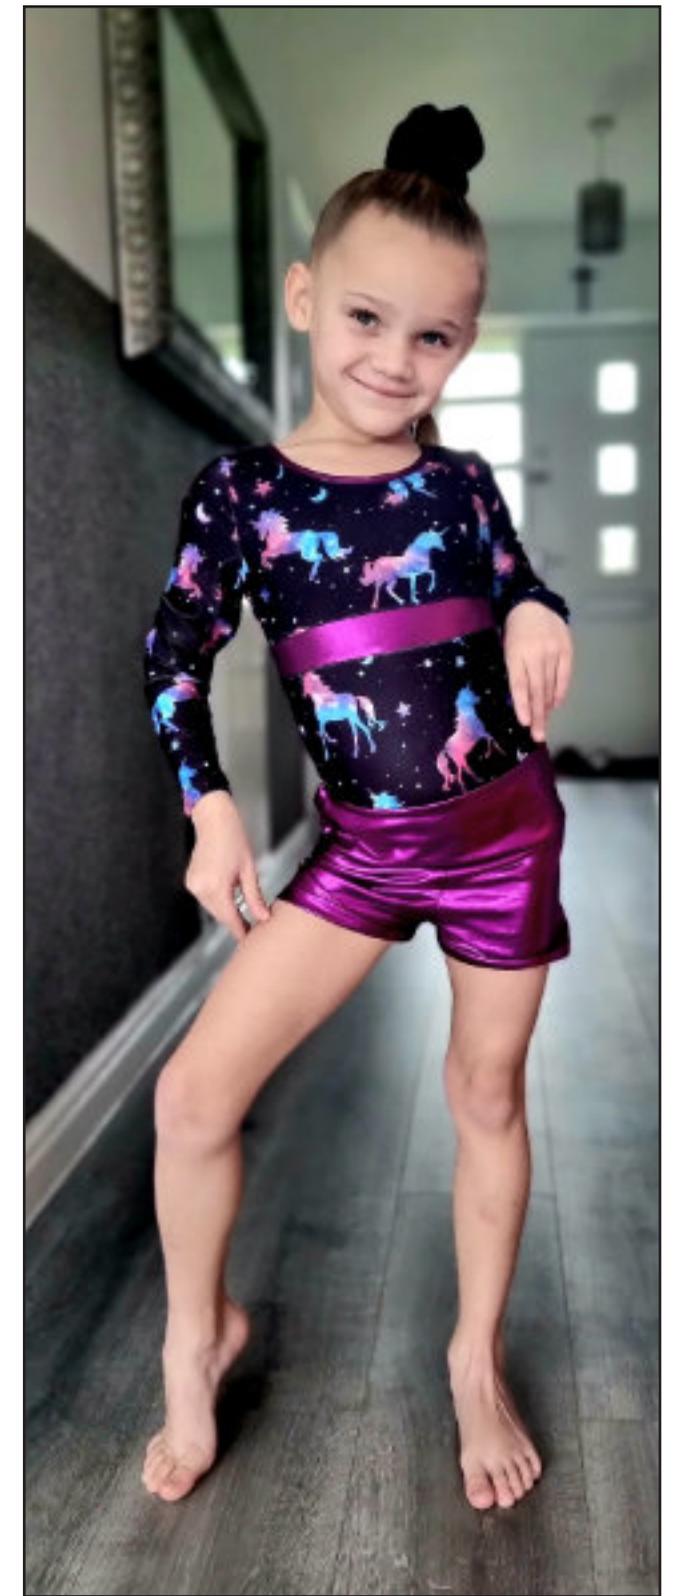

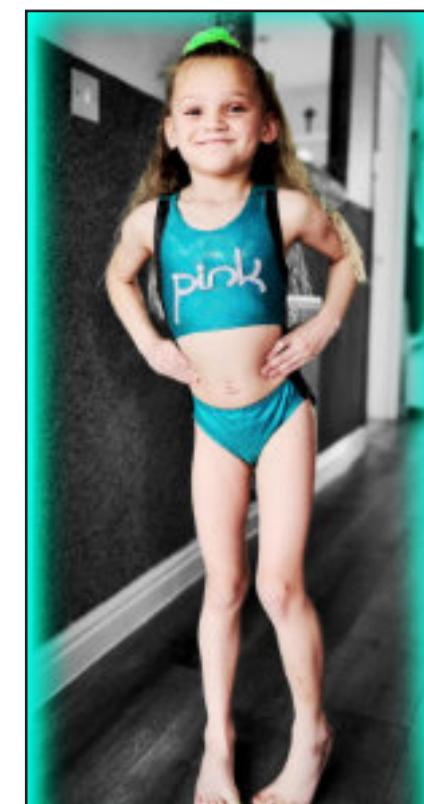

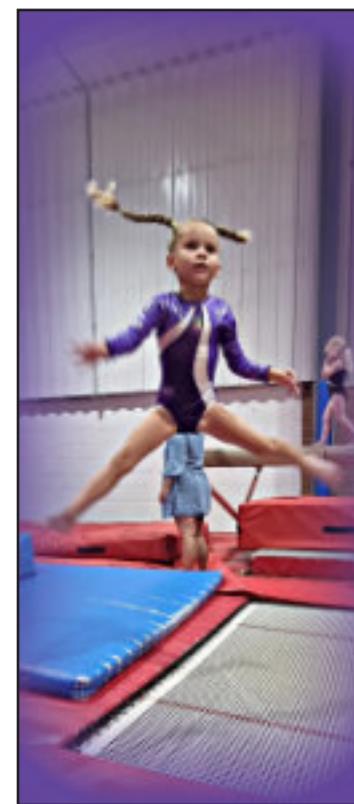

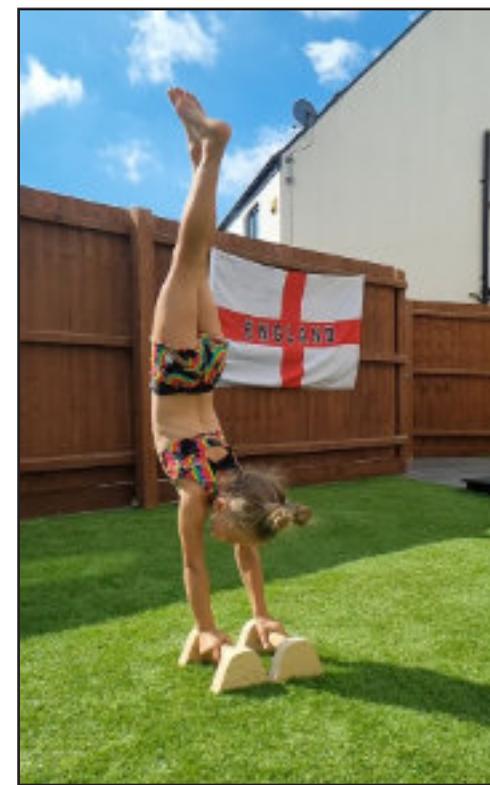

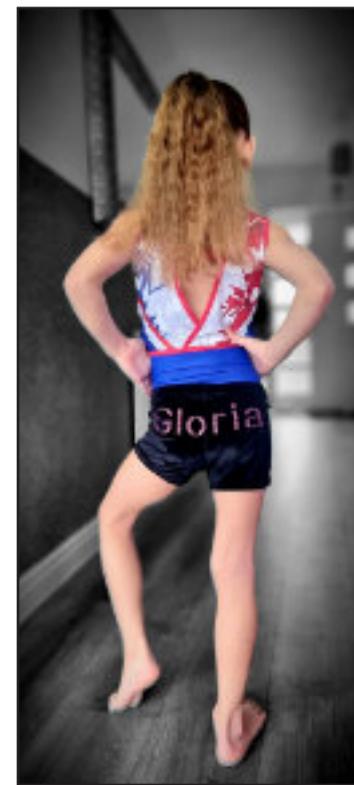

My name is Gloria and I'm 5 years old. I have walked into gymnastics floor of the age of one and always loved. I'm an Elite gymnast currently in the

development squad training at Pipers Vale Gymnastics Club in Ipswich Suffolk. Gymnastics makes me happy and teaches me to be strong not only

fiscally but also mentally. My dream is to represent Great Britain internationally and be the best version of myself.

Journot Mael

Hi I'm Maël JOURNOT. I was born in France near Naintré, I'm ten and I come from a family of 5.

As a baby I was climbing on everything - I couldn't stay put. I loved being upside down and I quickly managed to do a handstand.

When I was four I wanted to do a front flip so badly that I was trying on my parents' bed until they got me my first giant trampoline.

And then, that was it ! I started watching videos on YouTube and I trained until I was able to copy what I saw.

One day there was an event in my hometown about sports and just like that I did a flip in front of everybody. The gym coach ran after my parents and begged them to let me join his team. And that's how it started.

A couple of years later I joined Poitiers (CEP POITIERS) team to improve my skills and perform. I won several medals, competed all around France...!

I love everything about gymnastics, clean jumps, feet well pointed, perfect figures...

To get there I keep up the hard work with joy - 20 hours of sports a week.

To work on my flexibility I even joined the National School for the Circus Arts.

I'm getting in «DRA», a high leveled training session managed by the France federation of gymnastics.

In September I will start a new sports-study program, far from home.

I will then be living at my coach's. No pain, no gain...!

Gymnastics is everything to me. I hope that one day I will qualify for the Olympics, be the new French Gymnastics Champion, and also be able to live from my passion.

Madonna El Hayek

My name is Madonna El Hayek, I am 8 years old. I hope to become a professional and international gymnast. I learn and study and my grades are very good. I hope when I grow up to become famous and earn money to help the poor and the sick.

Photos Credits: Gymnast

My name is Marley Myers. I am 12 years old. I do gymnastics from couple of years and I feel summer to be the best time for

training. I like to stay focused on my goal and never stop believing my self. I am always excited to be at the gym. School and doing

gym together is a major challenge I am facing right now but I hope to figure out something soon.

My name is Maya and I'm a passionate gymnast. I would really love to one day win an Australian or Indonesian Championship and go on to represent either country in international competition. I love to maintain balance in my life so I also run, play soccer and guitar and am part of my school cheer team. The only thing that comes close to my love of gymnastics though, is the love I have for my dogs.

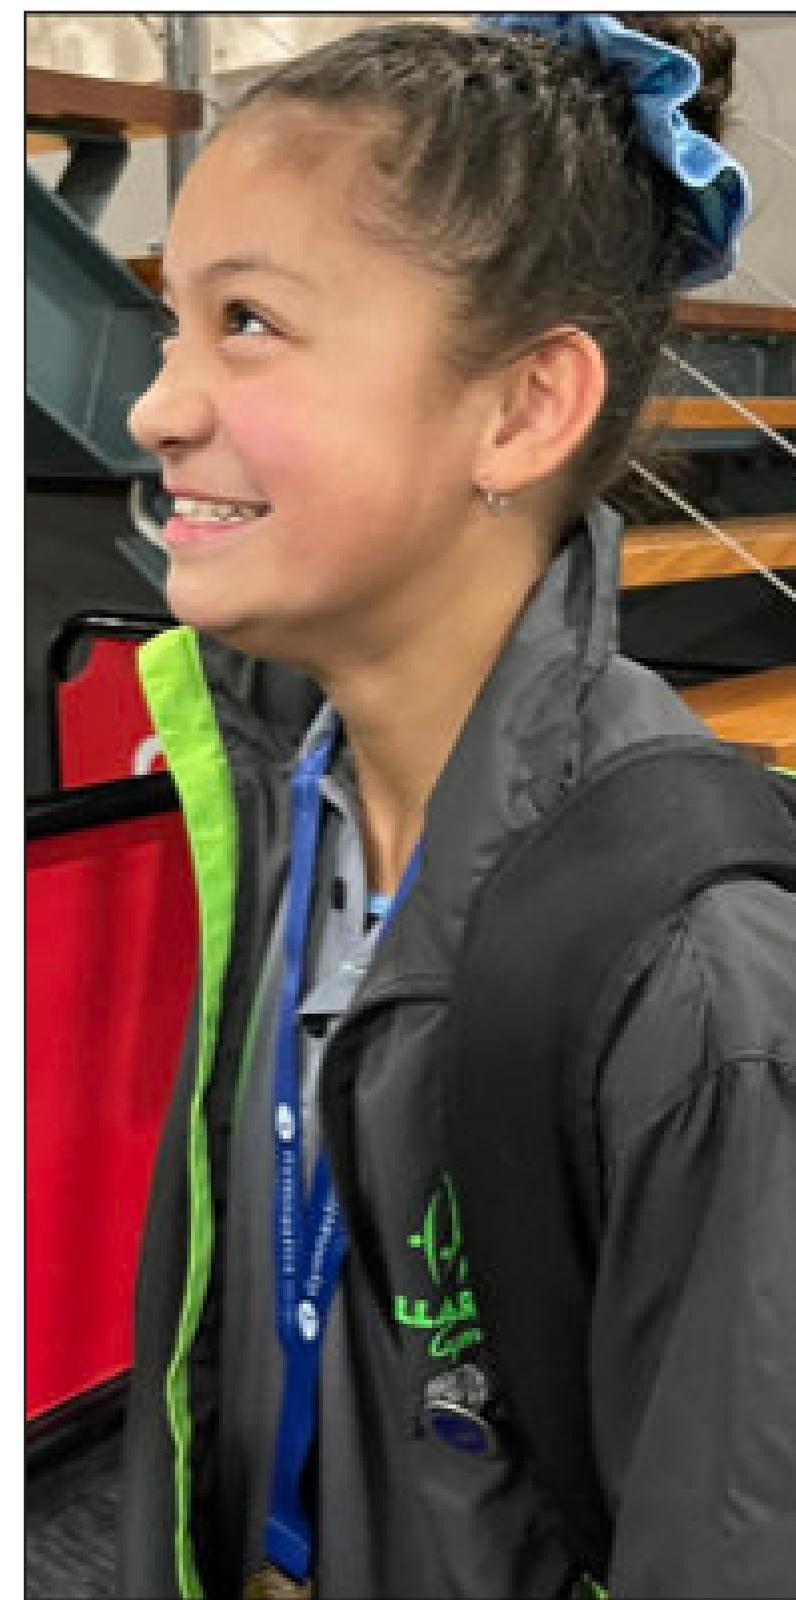

Learning, both in the gym and at school, is something I value. I think it is really important to keep on learning and bettering ourselves, so I would love to get a college scholarship to study in the United States when I finish high school. I really enjoy helping out the younger gymnasts as well as the Special Olympic gymnasts at my gym and I dream of one day coaching at a gym like mine, where everyone feels welcome.

To date, I have I have only won one title - 2023 Victorian Level 9 Uneven Bars Champion. I believe that it's not about the titles you win, it's about being your best self and always improving every step of the way.

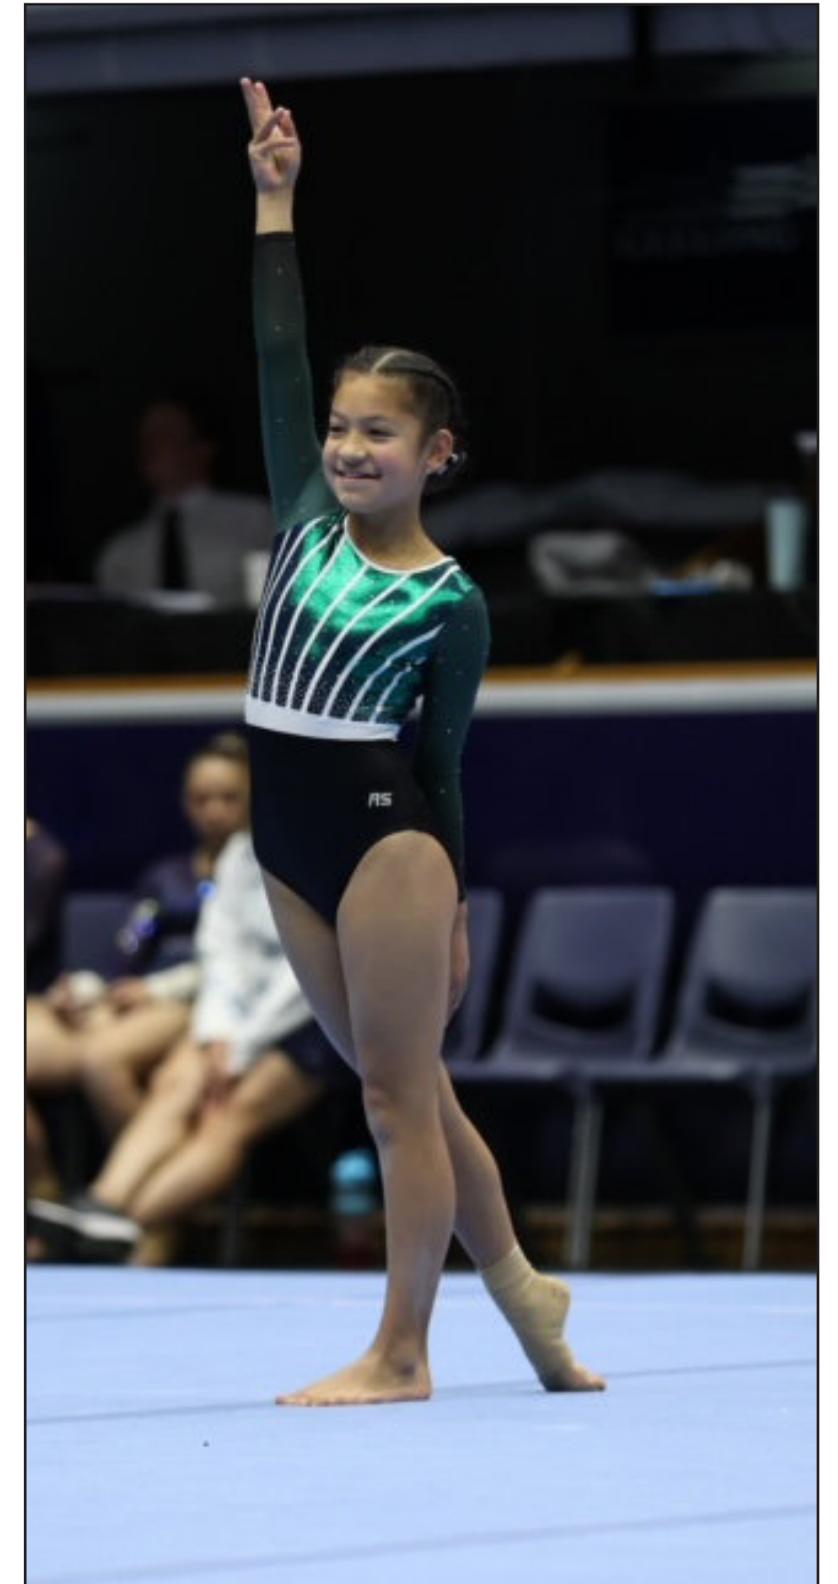

One of my biggest challenges has been overcoming the long term break from training that came with the COVID pandemic. My state has been one of the most locked places in the world to date, which had a serious impact on my training. I trained at home and had great support from my club but nothing beats being around others who share my love of gymnastics. It's also been really hard being based in a regional town rather than a large city so my training group has always been quite small and has only gotten smaller as I've moved up to senior levels.

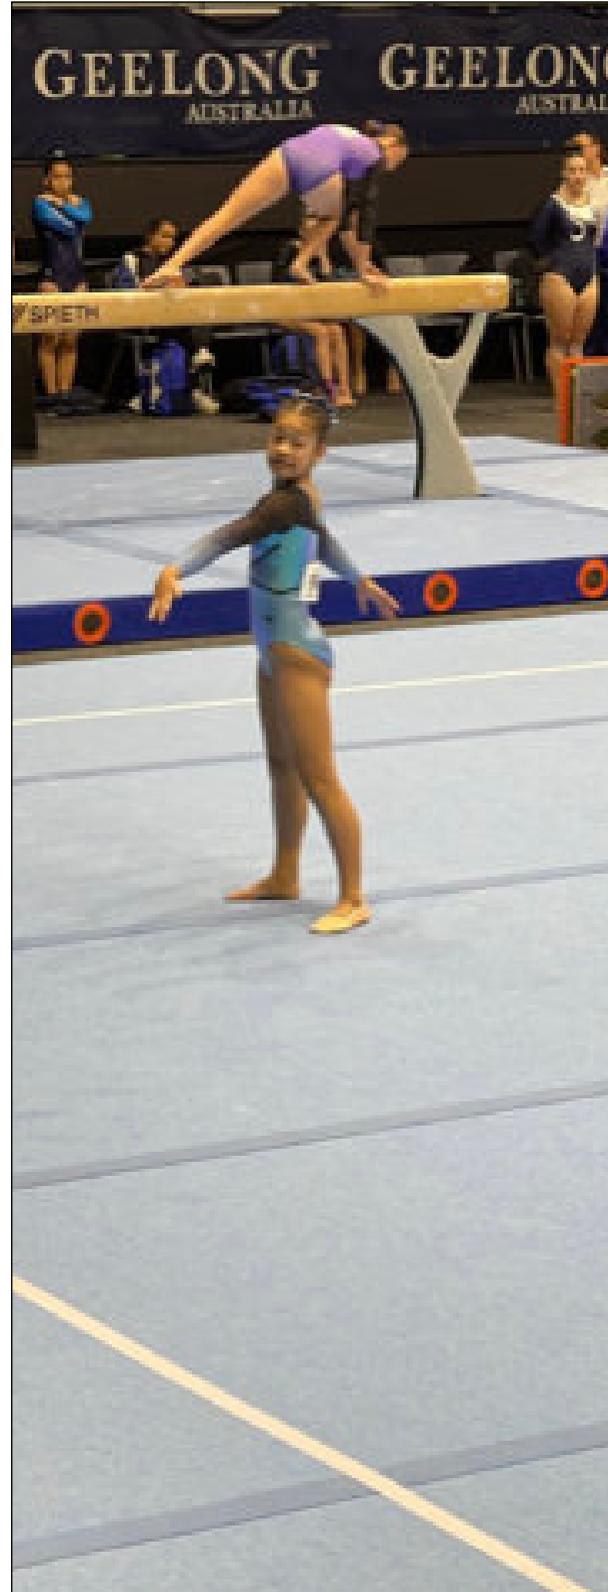

To me, gymnastics is so much more than a sport; it is a way of life!

Mira Omar

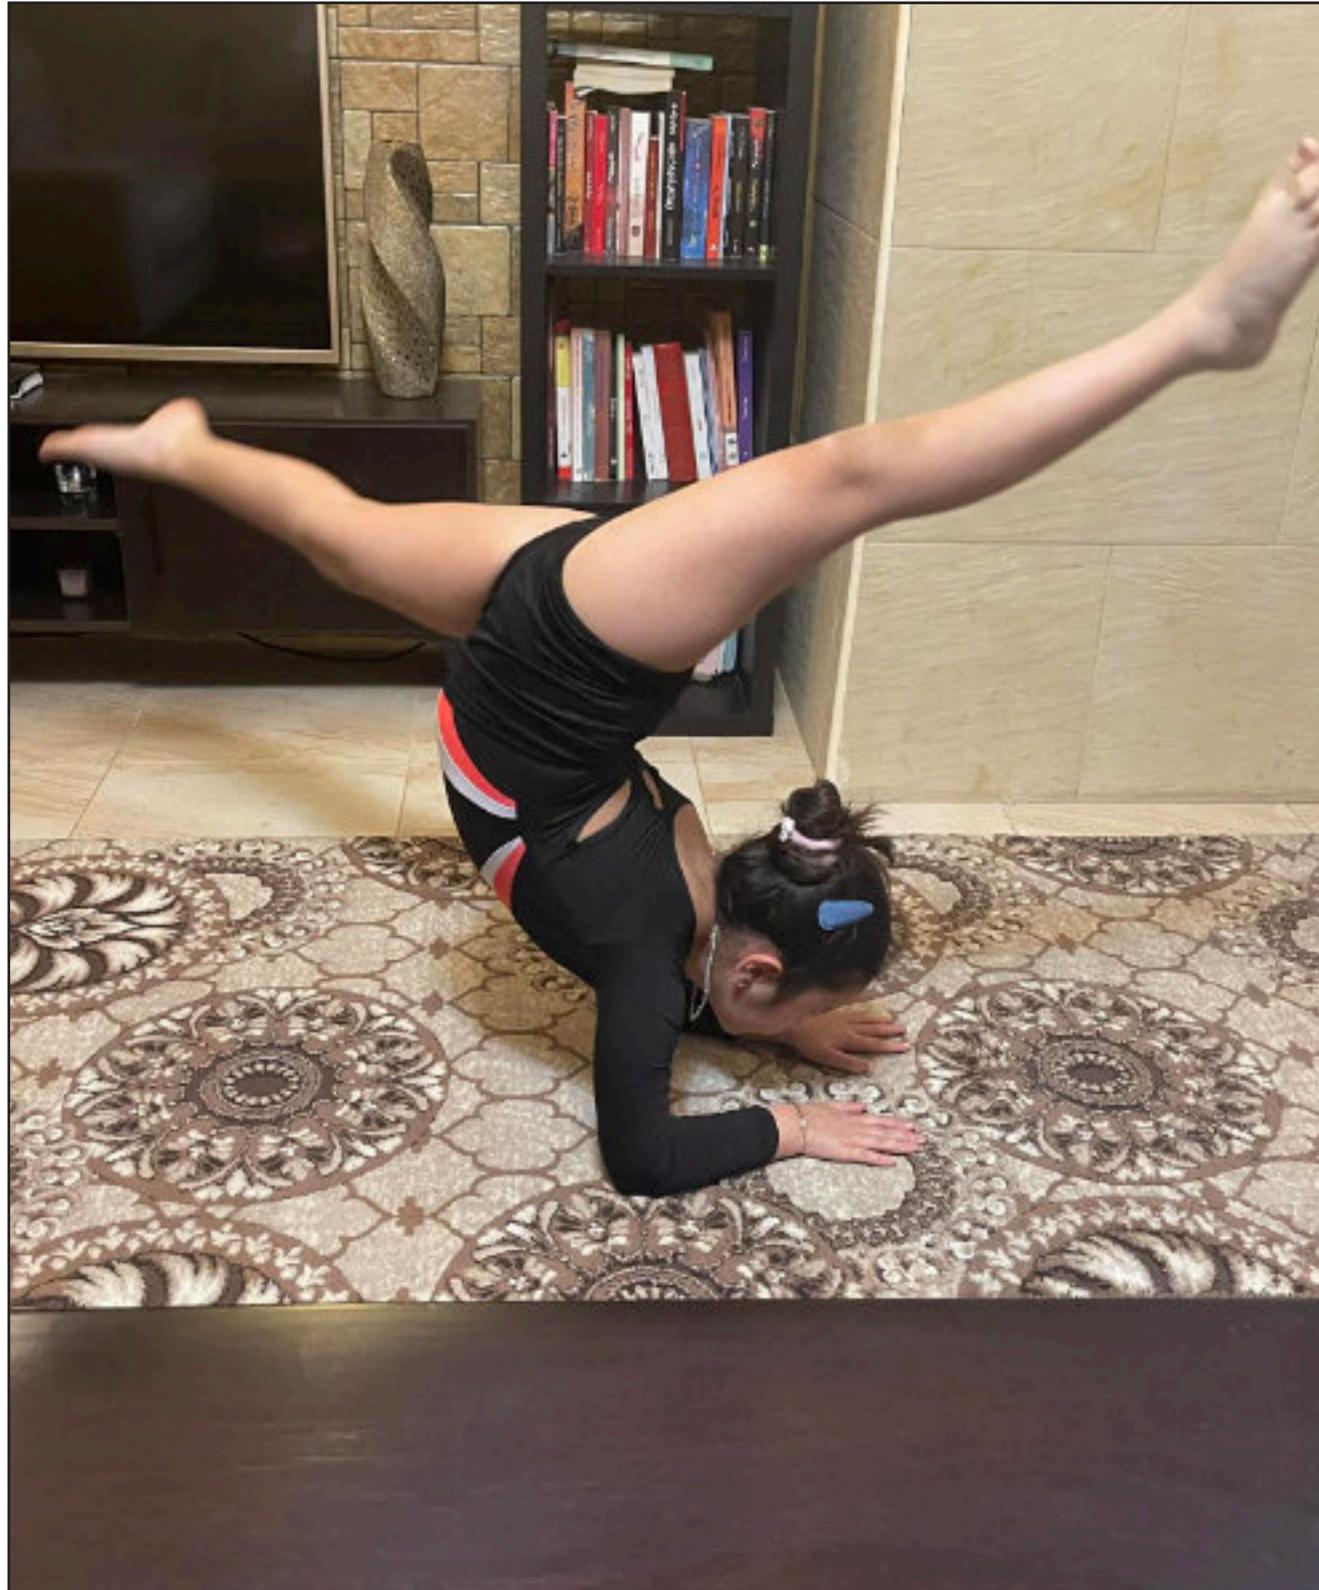

My name is Mira Omar. I'm 7 years old .

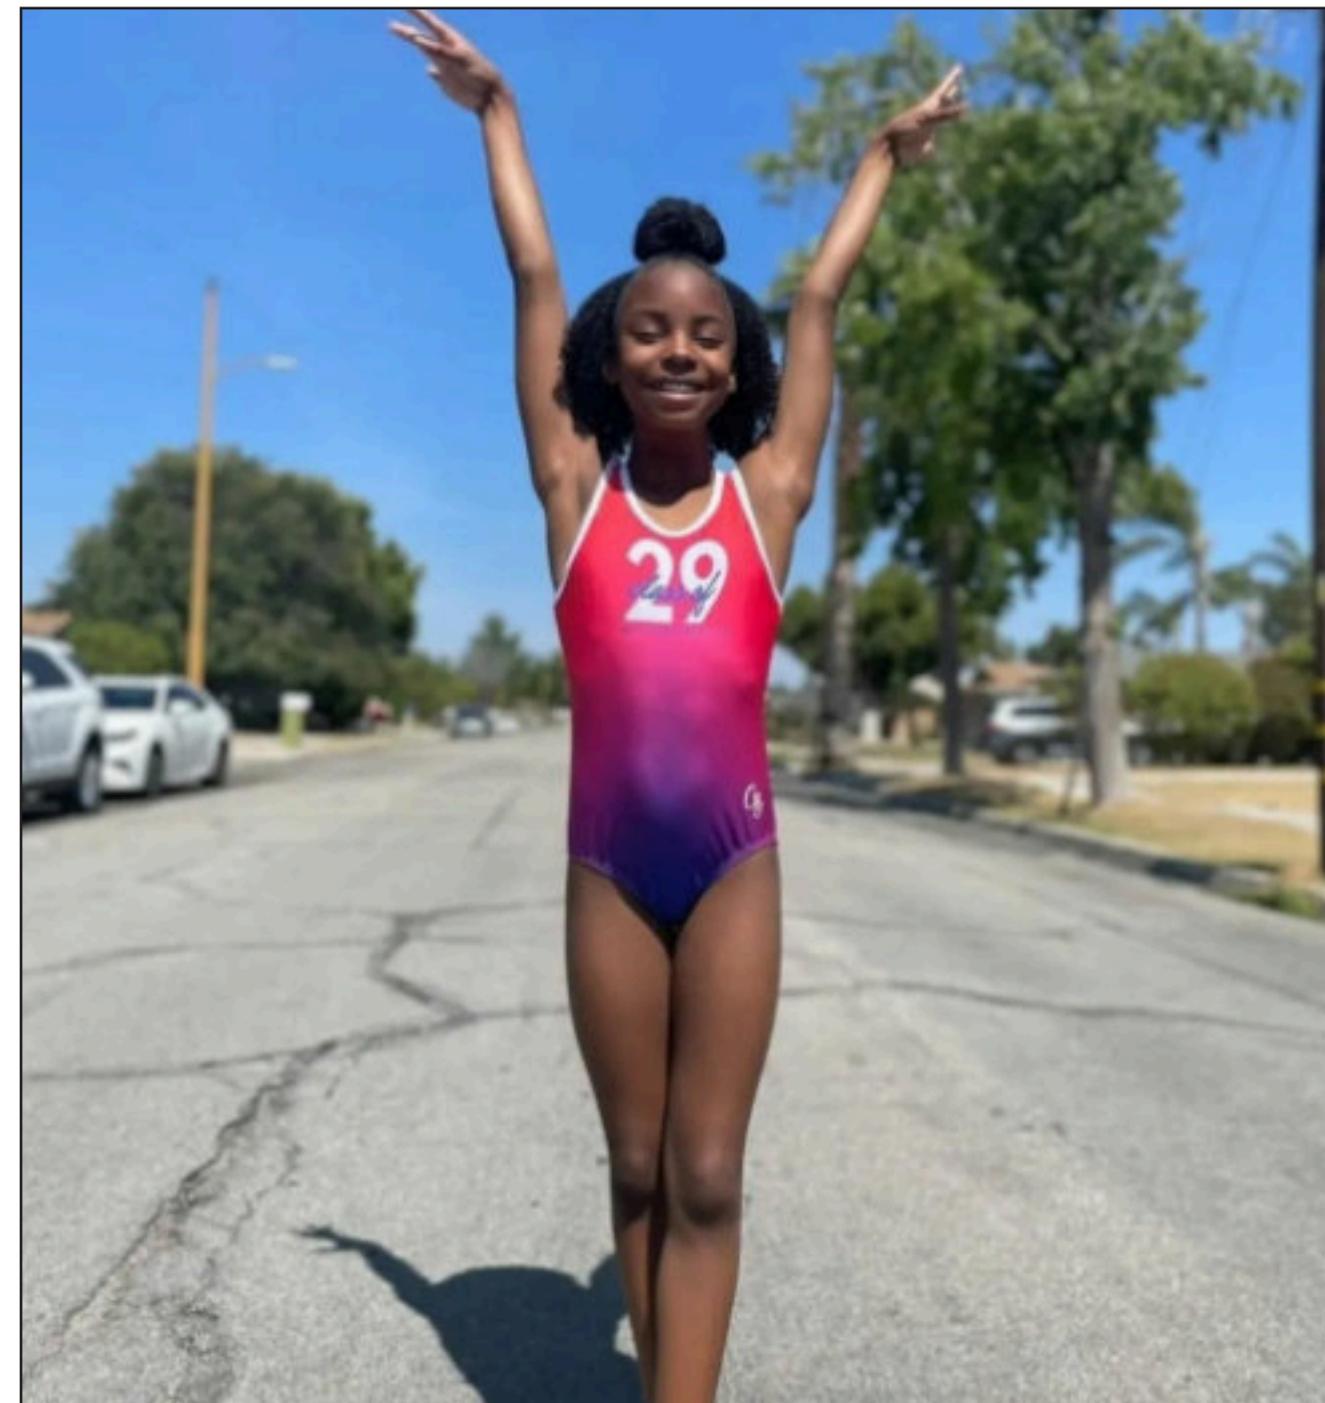

Gymnastics is my life.. I started my training two years ago and aspire to reach the highest levels and participate in local and international championships. I faced many challenges and I was

able to overcome them all with patience, persistence and determination. I thank my family and coaches for the constant encouragement.

My name is Shayla Clarke. I am passionate gymnast from the South of California, USA. I am not afraid of failures, I would rather regret the risks that don't work out but not the regret of not giving a try. I always believe in dreaming big and as high as I can.

I dream, plan and reach there. I know there will be obstacles and people who would doubt, but hard work and learning from the mistakes can help me to improve. I always trust myself without putting any limit on me. This is my biggest advantage.

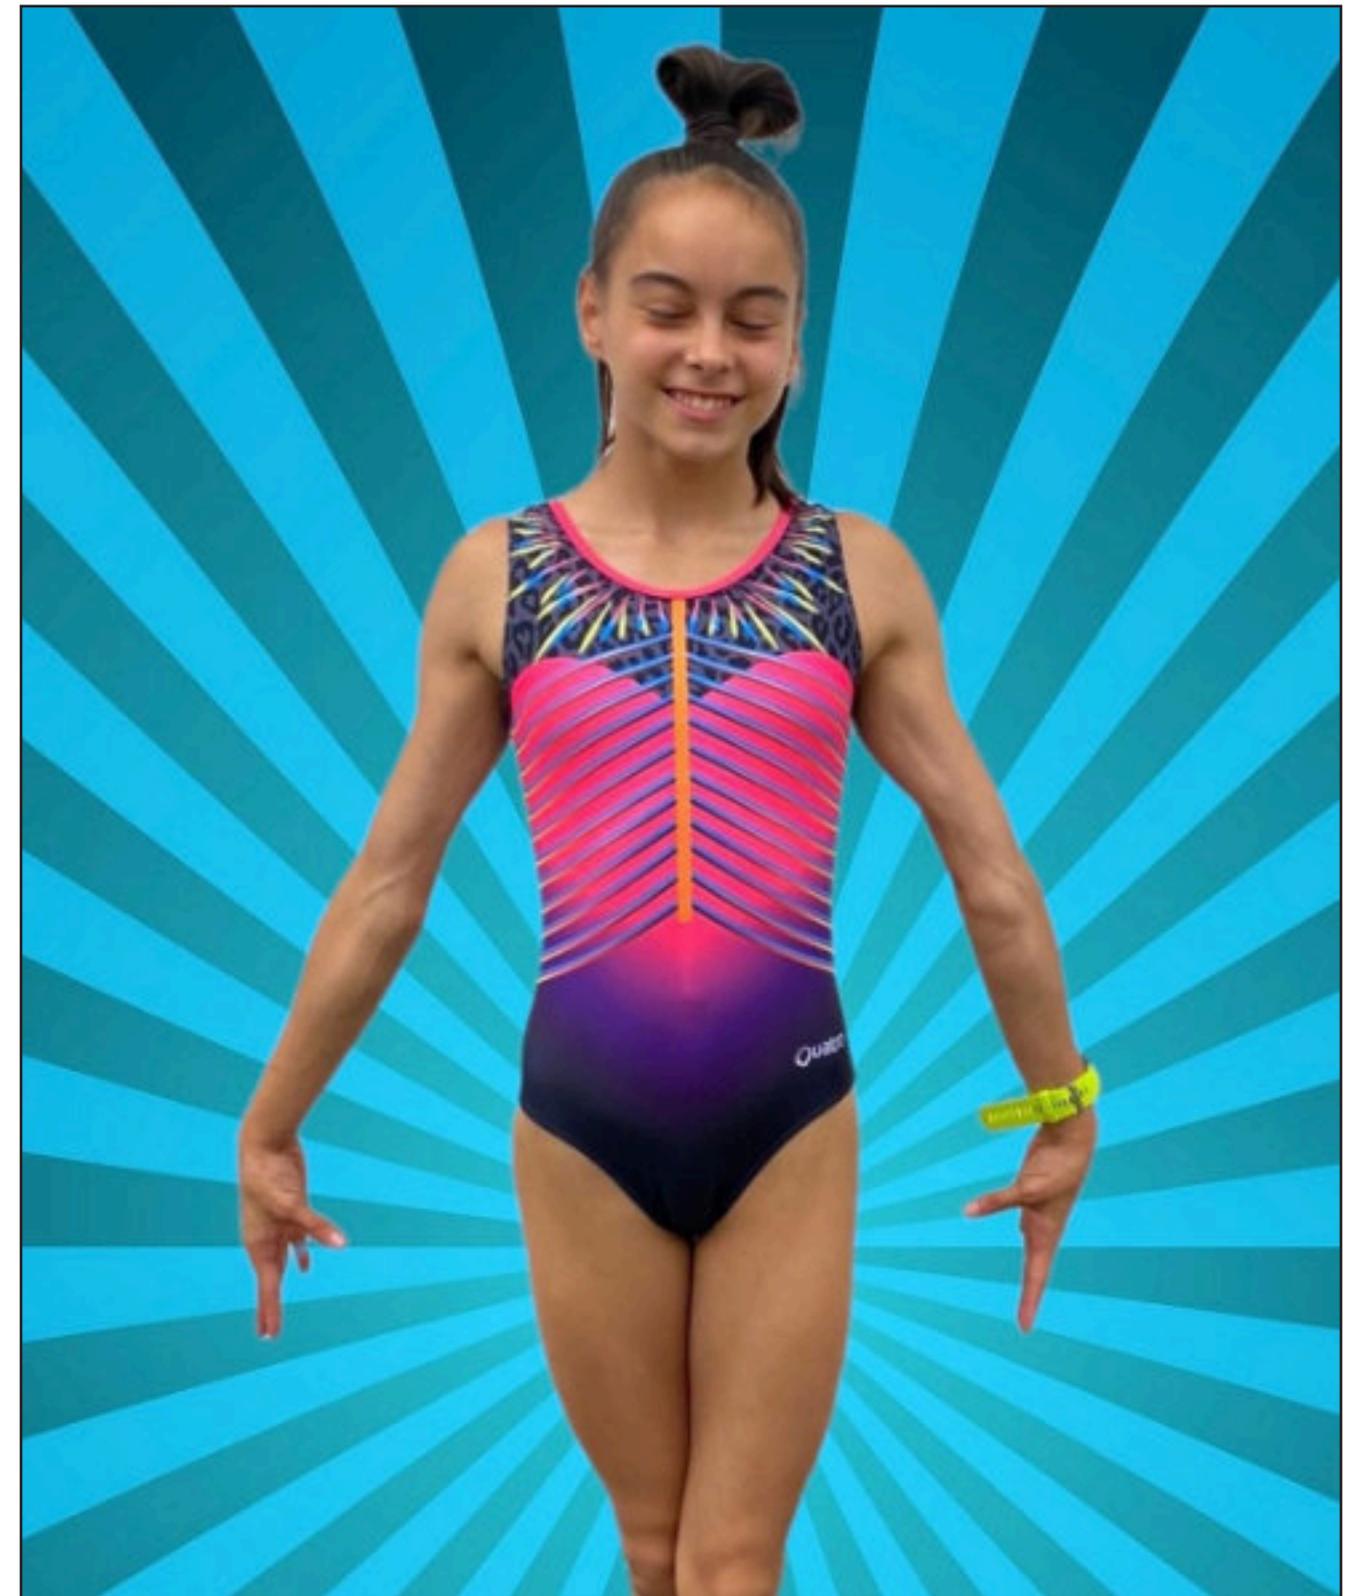

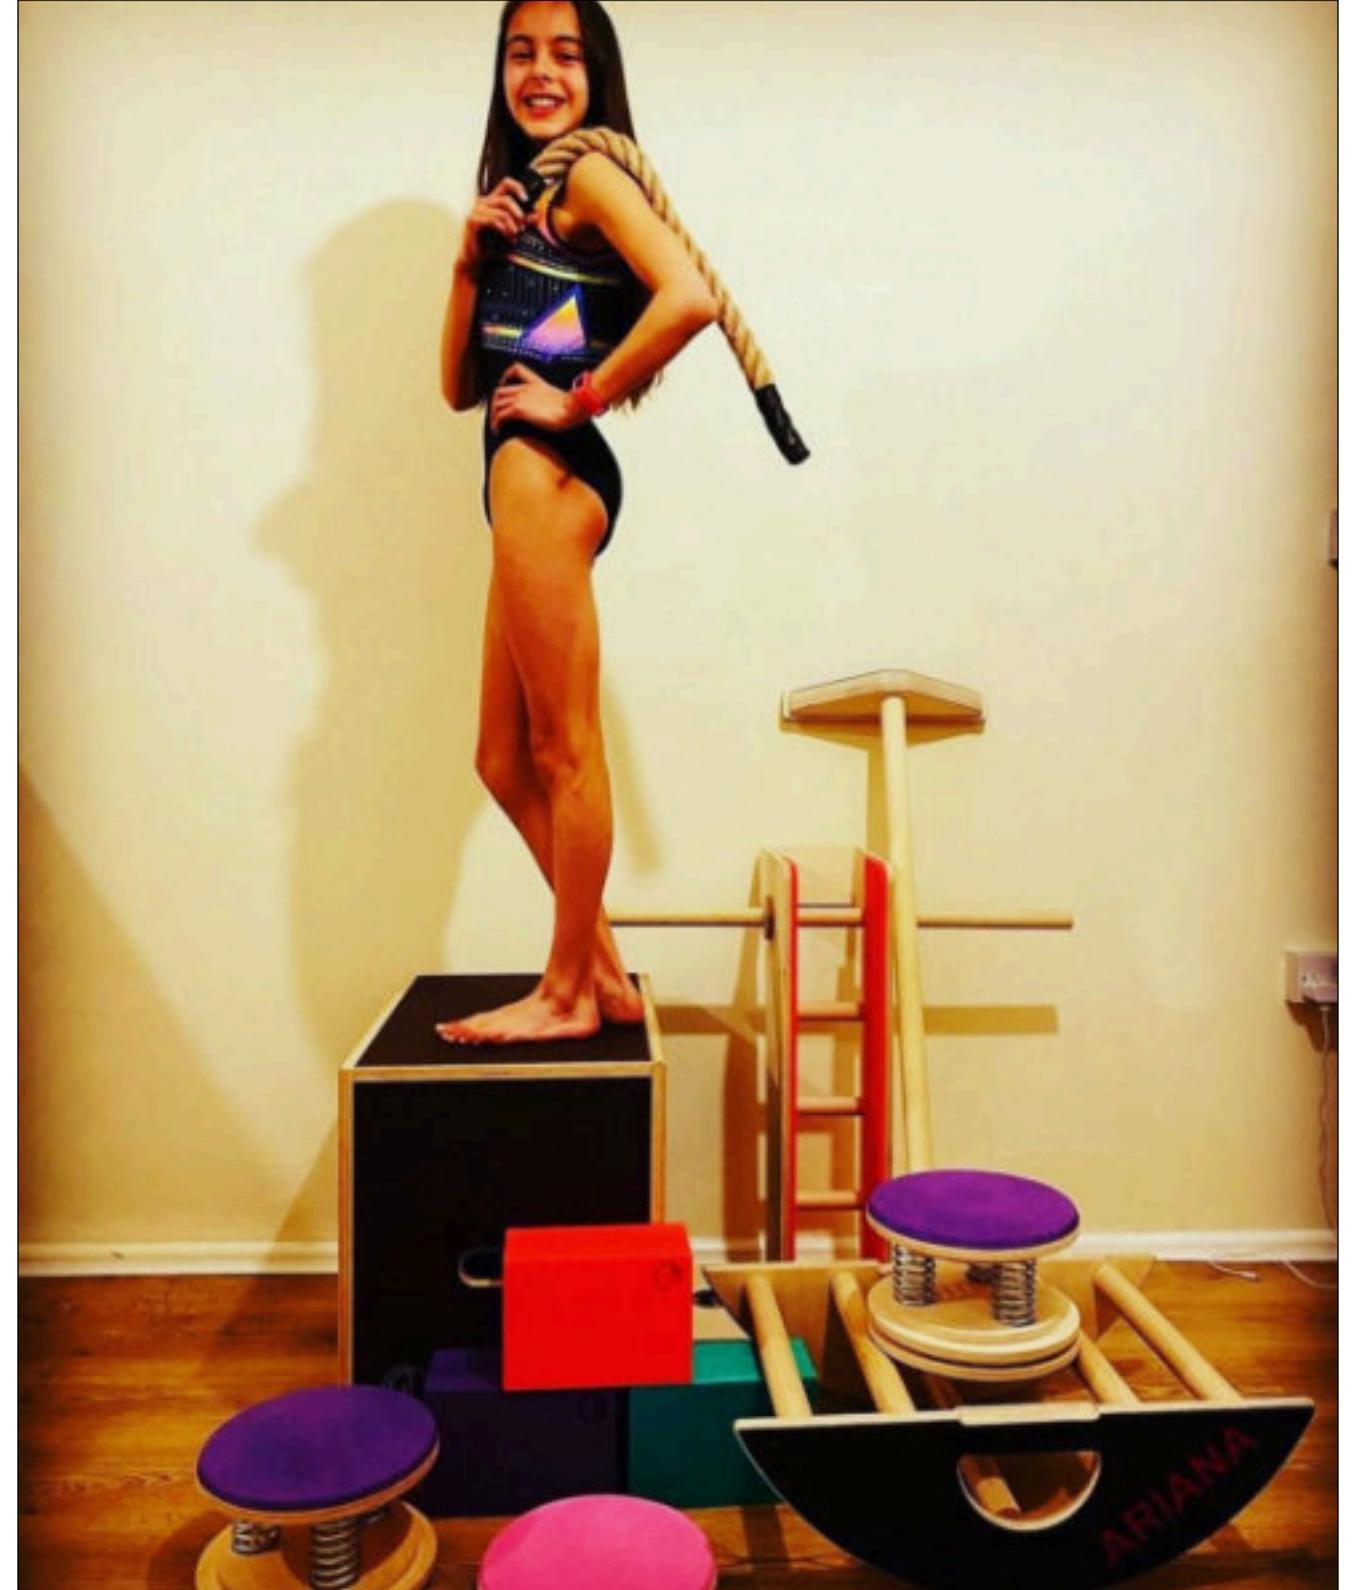

My name is Siena Hennepe. When it comes to dream, I always dream about spending time in the gym. Wearing my gym suit and go all out. I love

those tiring but productive days. It's a fantastic feeling to represent your club your state at any championship. I am always inspired by it and I am ready to

work double harder. This inspiration is exactly what I need to work daily and achieve my dreams.

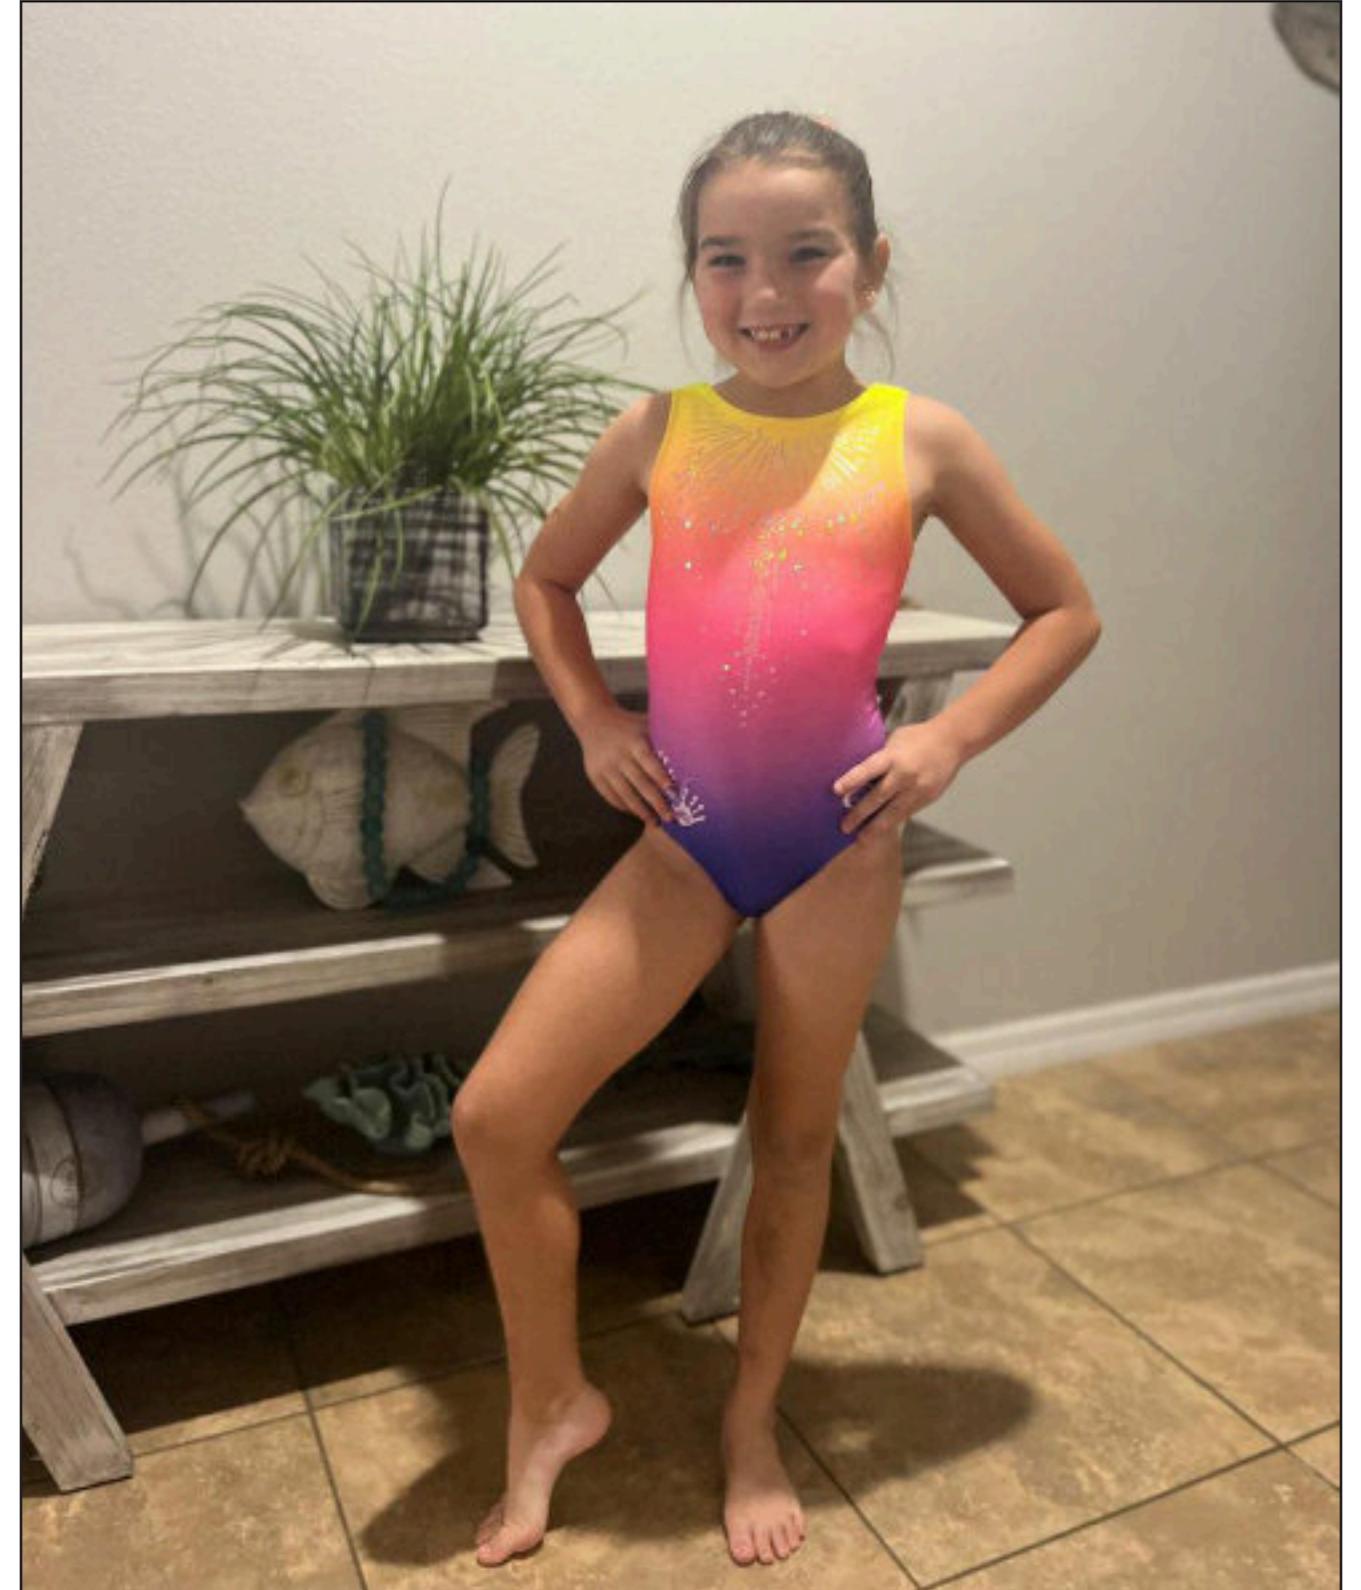

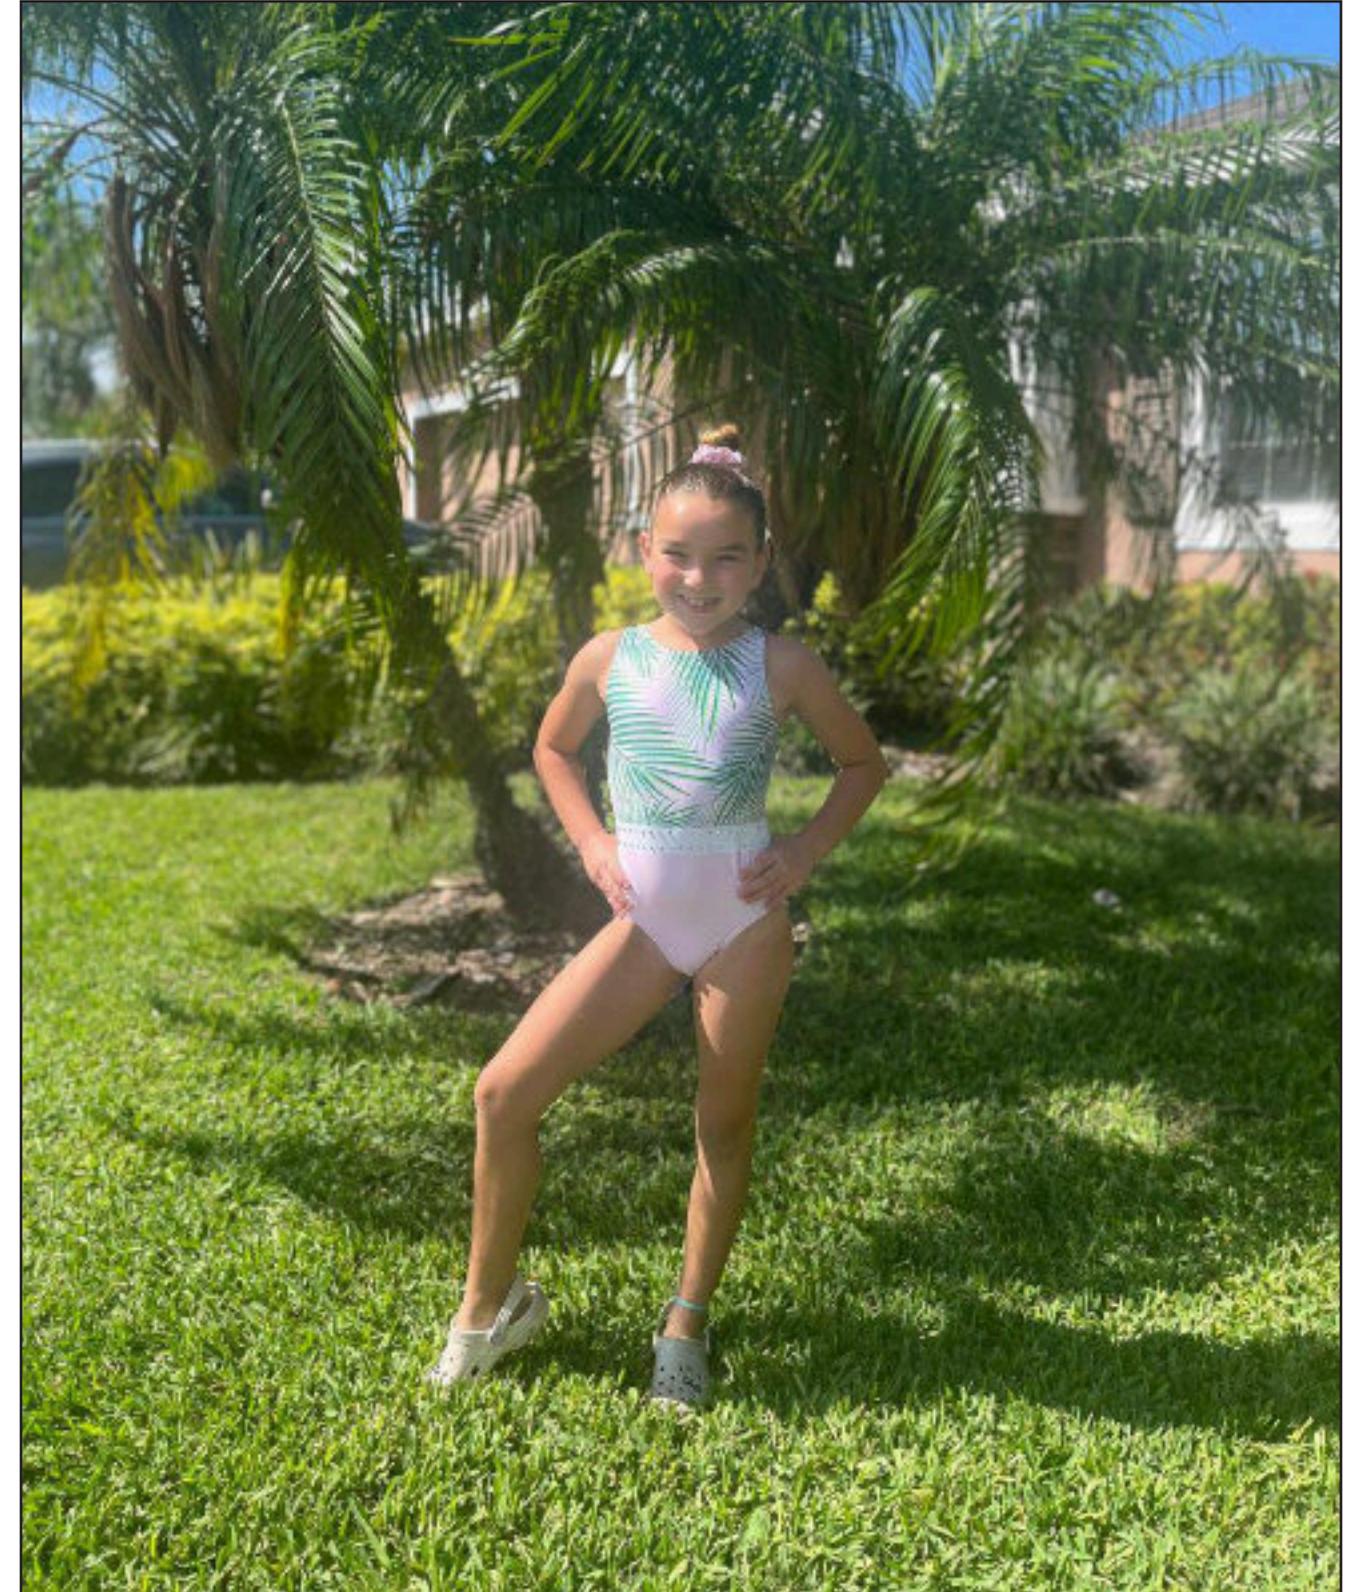

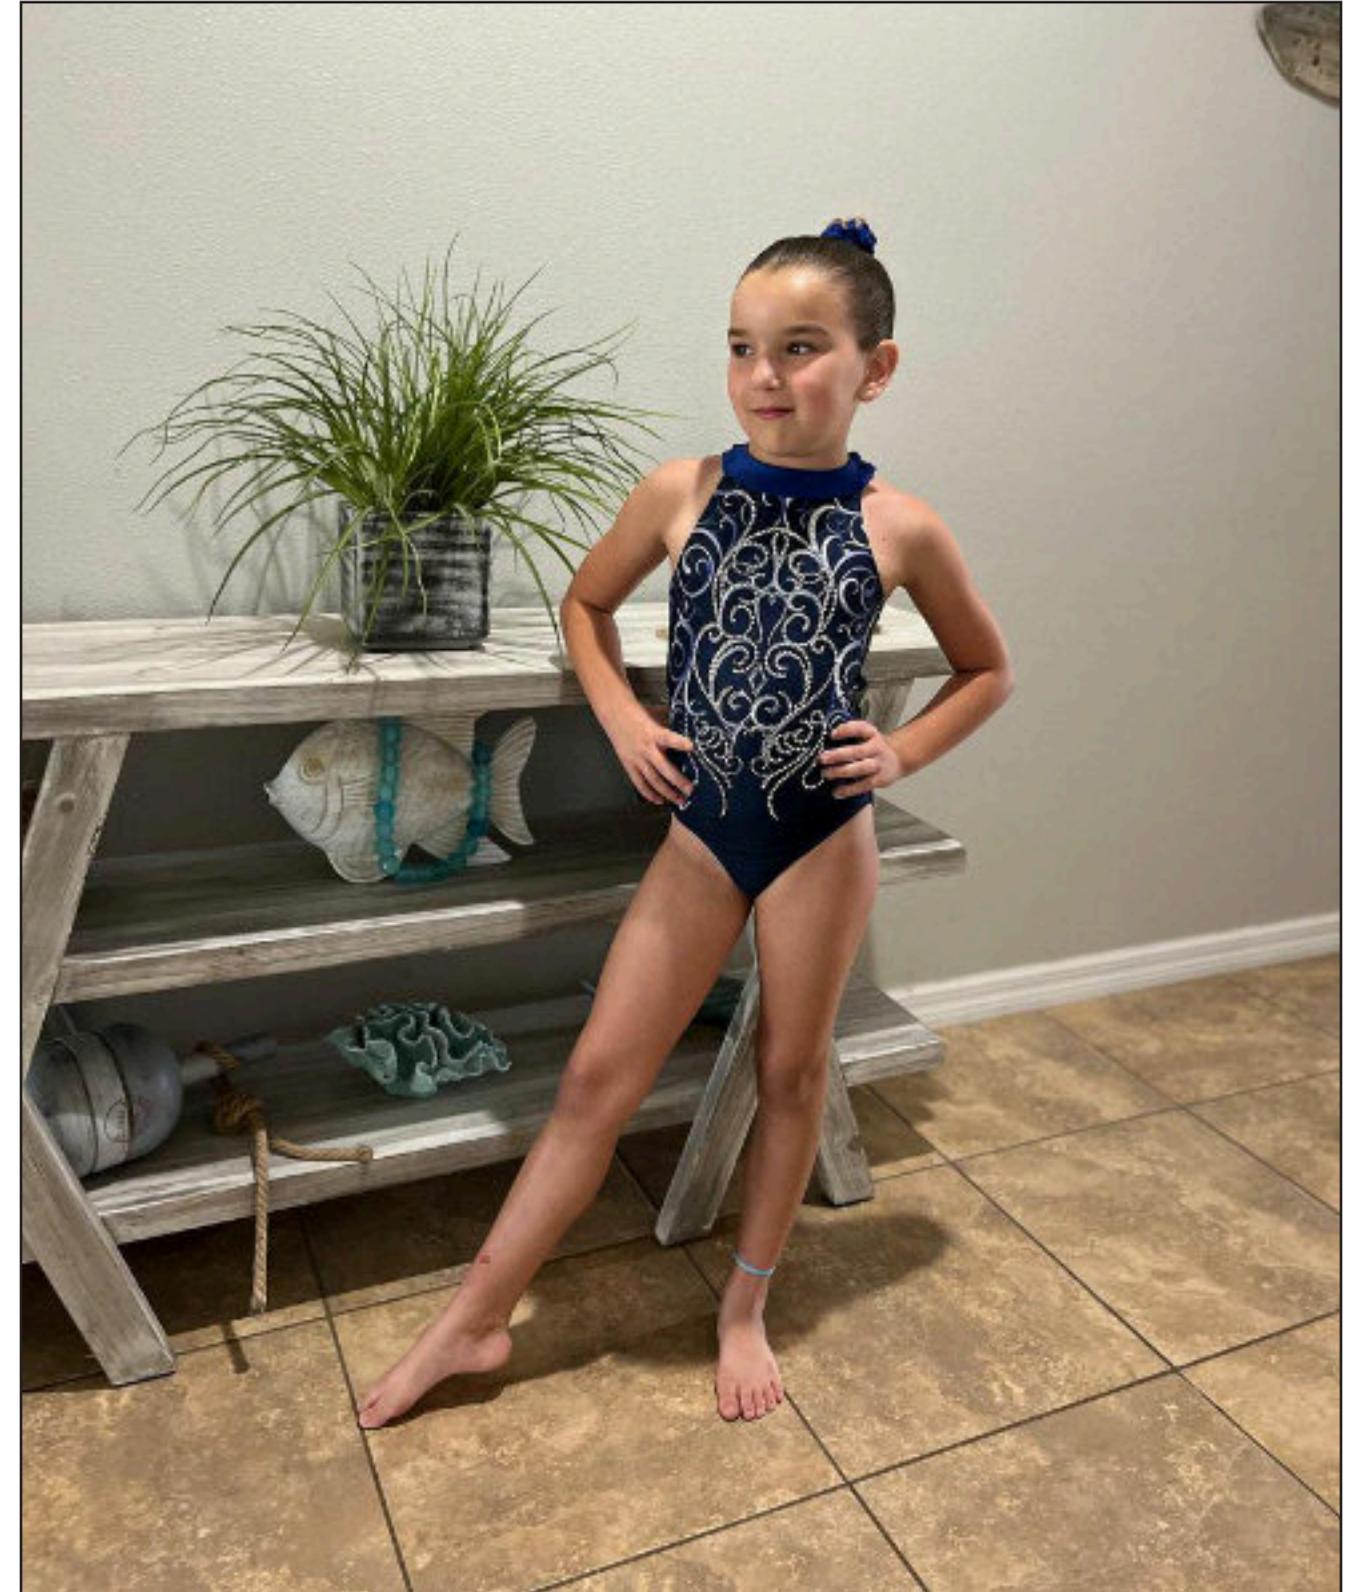

My name is Sydney Yates and I'm 8 years old. My dream is to become an Olympic gymnast. My favorite gymnast is Simone Biles and she is known as the goat; Greatest Of All Time. I'd like to be the Mare, because I love horses!! I'm still working on what the acronyms would be, but whatever I come up with I'm sure it will be perfect for me!!
