My name is Bambi and I've recently broken into the modelling industry. I model fashion all the way up to content for subscription pages. I've successfully shot with a variety of photographers and helped to express a story with my modelling.

My current goals are to explore more areas of the industry, I want to get as much experience as possible to get more paid modelling gigs as most of my work now is TFP or collaborations. My ultimate dream would be to own and run my own BBW bdsm/lingere/clothing brand as there just isn't enough out there for people over a size 18!

My biggest challenge so far has been finding photographers willing to work with a bbw model as we are very different to slimmer models! Luckily I've found some amazing guys that have really captured how good I am.

My name is Claudio Valenzuela, I am 28 years old and I am from Chile, father of a beautiful son of 7 years old, I have currently been dedicated 100% to tattooing for a little more than 8 years, today I dedicate myself to black and white, I live from and thanks to this.

My beginnings were uphill like most of us who are dedicated to this, a lot of insecurity and with little support from the environment, But that's what motivates to try to improve day by day, I started tattooing in 2013, while studying Graphic Design, the following year I retired from my studies to dedicate myself to tattooing completely, I started in a store called New Art, it was there where I had the opportunity to see this as a "job", a lifestyle and they gave me the impulse I needed, a few Of my life and growth both personally and in tattooing. I was with them for about 6/7 years.

I left doing Newschool and Lettering, but along the way I was developing another vision of what I wanted to do, this accompanied by the continuous support of my classmates at that time, which led me to do what I do today.

In 2016 I was lucky enough to be selected among the 16 best tattoo artists in Chile according to Ink On Sky, a ranking that,

Claudio Valenzuela

Claudio Valenzuela

according to me, does not show all the level and talent that there is in my country but I do appreciate it, since it gives me many opportunities and good recognition from my peers.

Between this period I met the boys of Vital Tattoo Studio, who gave me the opportunity to work with them, at the time it was one of the largest and most important studios in Chile, with them I had the opportunity to go out of Chile where I had the pleasure of meeting many people, among them, my other family of 23 Tattoo Shop whom I admire and have a lot of affection.

Within these trips, on my last trip to Chile I was received in a very good way at the Mamba Negra tattoo Studio @mambanegra_tattoo_studio where I have met great tattoo references and I have tried to learn in the best way all the knowledge that passes through here day by day.

The tattoo for me is a path of ups and downs, it ends up being part of your day to day, you grow and develop along with it and it ends up being your lifestyle

Thanks to the Tattoo and you for this opportunity.

My names Faye Delune, and I'm A Professional Model, Promoter and Photographer, (Delune Photography) of over 10+ years, but I'm really just an all around creative person and artist. I make a lot of different forms of content and art. Online Content is my main form of art tho. Honestly my dream is to just make art, and make others happy, but really, If I can spark a reaction of any kind from my art, then I've met my goal. I'm a huge nature lover, who's obsessed with all things astrology and space. so I try my best to incorporate nature and astrology into my work. But really, I just love bringing ideas, and stories to life with my art. Almost every image of either me, or my photography, I try to convey a story within it. "I'm A Blank Canvas, Give Me A Story To Tell." / "Lets Tell A Story." / "A Story Within Each Piece" Are the phrases I Use To Describe My Art. For the past 10 years, I've been studying and learning Photography, Modeling, Promoting and Marketing at The Professional Level and really enjoying the artistic aspect of it all. In 10 years, as a model, photographer, and Promoter, I have had the honor of being featured in/on countless of Magazines, Runways, Commercials, Editorials, Catalogs, Websites, Social Medias, and more! I have also worked with several Brands, Companies, Businesses, Artists, Designers, Bands, and more! Through the years, I've had the pleasure of meeting a lot of very cool, interesting, and kind people. I'm a social butterfly, so obviously this was heaven for me. People leave impacts on you, and this job of mine, regardless of if I'm the model, photographer or promoter, it allows me to meet lots of people, who usually leave impacts on me and vice versa.

I love making art, and love showing it off.

I hope you enjoy my work, and I welcome you to my world.

Getting a tattoo is a bit like expressing yourself without speaking, it's a way to communicate things that you wouldn't be able to say in words, to show parts of yourself that you would hardly be able to show, it's a way of saying I feel I am different in my unique way, this is

me look at me too for me getting a tattoo is like for others getting a massage, it relaxes and calms me down on my body there are many different hands of tattoo artists, I like to change
