I'm an artist with twenty years of experience, and I started this hobby in 2004.

I just want to teach and show kids in our generation, that with hard work & dedication you can do anything you put your mind too. I had a ruff start in life, with addiction, and homelessness, in and out of jails and prisons. I finally got clean and sober and chased my dreams of wanting to be a tattoo artist. I dreamt of

working in a tattoo shop one day or owning my own but I cant afford the apprenticeship. So I taught myself how, and it was hard I messed up alot and still have alot to learn but I remain humble, motivated and dedicated because the key to having a happy fun life is to make money doing something

you love to do. If I can do it then so can anyone else. I am looking for a foot in the door and I won't give up till I find it. I hope this message will hit home with at least one person and encourage them to chase their dreams. Dream big, and never give up. GOD BLESS

I knew from an early age (11-12) that I wanted to tattoo. Seeing my step father get tattooed was a very cool experience. I was definitely the (draw on everything) kid. Thankfully my mother was a motivator and supporter. Constantly letting me draw and paint on my walls as a child. I always hoped I'd eventually find my place in the tattoo industry! I apprenticed pretty young under Patrick Candelaria. Unfortunately he passed

away before he really got to see my career flourish. Watching the progression of my tattoos has been such a cool ride, working at shops to finally owning my own has been such a blessing and challenging experience. I've been blessed to work with some of the most talented artist in the industry and look forward to continued growth and always learning the next thing!

My names Faye Delune, and I'm A Professional Model, Musician, Writer, Artist, Photographer, and Promoter, of over 10+ years, but I'm really just an all around creative person. I make a lot of different forms of content and art. Online Content is my main form of art tho. Honestly my dream is to just make art, and make others happy, but really, If I can spark a reaction of any kind from my art, then I've met my goal. I'm a huge nature lover, who's obsessed with all things astrology and space. so I try my best to incorporate nature and astrology into my work. But really, I just love bringing ideas, and stories to life with my art. Almost every image of either me, or my photography, I try to convey a story within it. "I'm A Blank Canvas, Give Me A Story To Tell." / "Lets Tell A Story." / "A Story Within Each Piece" Are the phrases I Use To Describe My Art. For the past 10 years, I've been studying and learning Modeling, Writing, Music, Art, Promotional Marketing and Photography, at The Professional Level and really enjoying the artistic aspect of it all. In the 10+ years, as a Model, Musician, Writer, Photographer, and Promoter, I have had the honor of being featured in/on countless of Magazines, Runways, Commercials, Editorials, Catalogs, Books, Websites, Social Medias, and more! I have also worked with several Brands, Companies, Businesses, Artists, Designers, Bands, and more! Throughout My Career, I Have Also Been Published Over 5 Thousand Times! I also have gotten 50+ Awards, 50+ Degree's, Certificates, Diplomas & Certifications! Through the years, I've had the pleasure of meeting a lot of very cool, interesting, and kind people. I'm a social butterfly, so obviously this was heaven for me. People leave impacts on you, and this job of mine, regardless of if I'm the model, musician, artist, writer, promoter or photographer, it allows me to meet lots of people, who usually leave impacts on me and vice versa.

I love making art, and love showing it off. I hope you enjoy my work, and I welcome you to my world.

I have been tattooing for 3 years now and I like to experiment with a lot of styles, since I want to challenge myself. For me, tattooing isn't just about creating designs on skin—it's about telling stories, and helping people carry a piece of their identity with them forever. As someone who is still at the beginning of this journey, I carry with me a mix of excitement, determination, and the

constant push to grow. My biggest dream is to develop a style that truly reflects who I am as an artist, something unique enough to stand out but meaningful enough to connect with people on a personal level. One of my goals is to inspire other people as well to work hard and fight for what they really want. Instagram - @matina_katzou
