Boston is 11 years old and has been training for 20 months at Creighton MMA. He started out training a couple of times per week, which grew to 3-4 times per week, to now, 7 days per week with sometimes 2 training sessions per day between academy training, private lessons with a BJJ Black Belt, and targeted training at home. Boston has 39 gold medals from 5 different tournament organizations with 105 wins (78 by submission)

competing in 16 cities and 7 states. He also helps coach some of his teammates in competitions and he enjoys that as much, if not more, than competing himself because he get to help others with their goals instead of just focusing on himself. His goals are to help his friends and teammates in competitions and to become a world jiu-jitsu champion.

**Christian
Maestas**

Christian Maestas is a Jiu Jitsu competitor with the elite #PitPorrada competition team, fighting out of Rockstar South Frisco under Coach Lucas Lima. His dream is to become one of the best Jiu Jitsu competitors in the world and has been training daily with his fellow teammates, some of which are Pans Kids Champions.

As one of the smallest kids in his group, he is challenged everyday by his elite-level comp teammates, but Jiu Jitsu continues to teach him valuable life lessons about grit and perseverance. Christian is training hard to become a IBJJF Pans Champion, but beyond that he holds a passion for Astronomy and dreams of becoming an

astronomer one day.

In 2022, Christian won medals in every tournament he competed in, traveling for the first time across Texas for competitions. Because of this dedication Christian earned the prestigious title of Jiu Jitsu World League Season Champion for 2022, and medaled in his very first IBJJF competition.

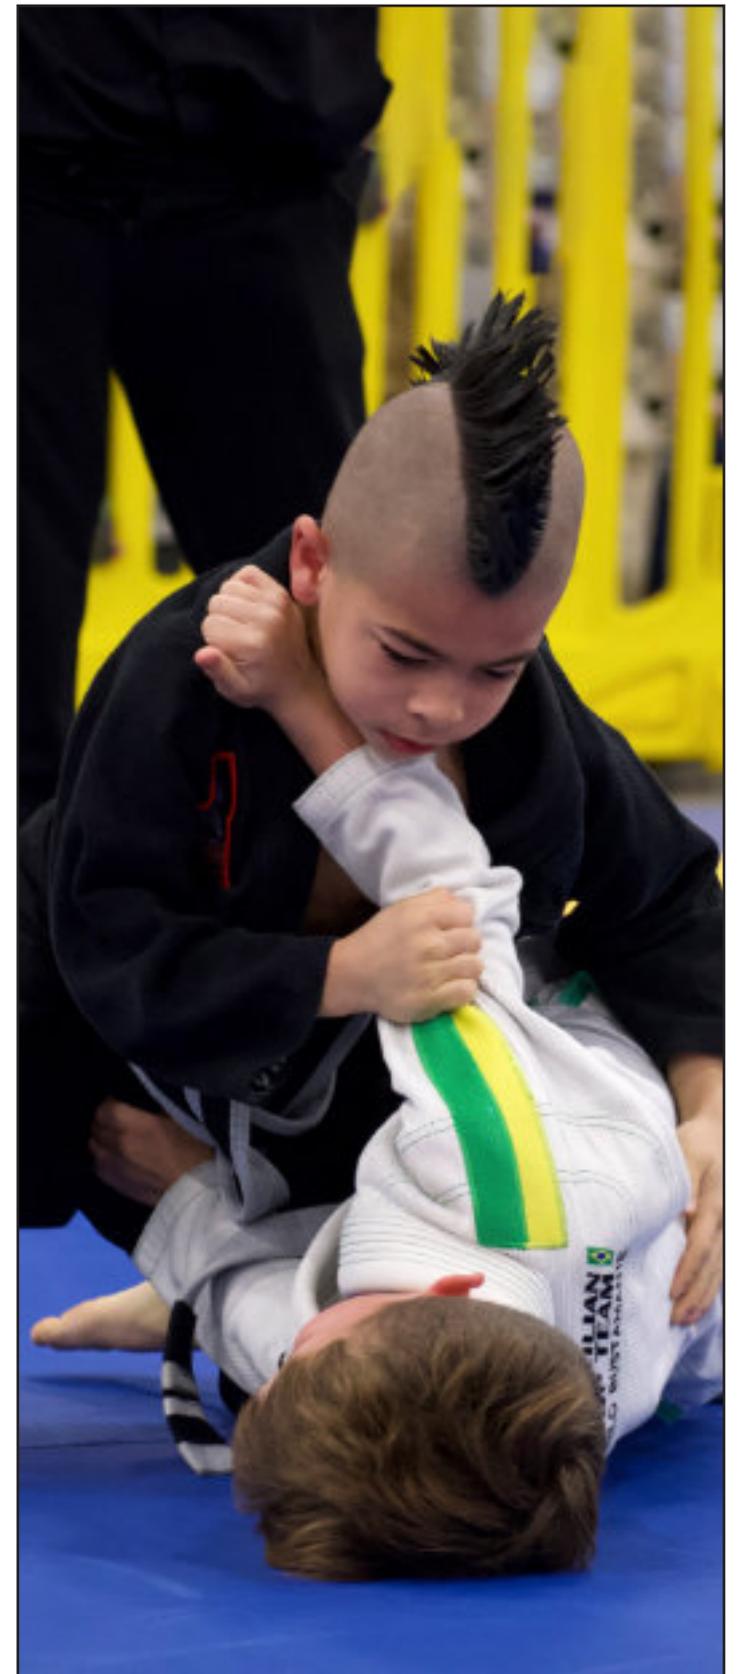

“To me success means winning tournaments, gold medals, dominating a match, and mastering my game, top & bottom.” – Christian Maestas

**Marcello
Ortiz**

My name is Marcello Ortiz, and I have begun my training in jiu jitsu since the age of 5. I dream of one day being able to give back by teaching jujitsu to, and especially underprivileged inner-city kids in hopes to give them and direct them through jujitsu. My goals are to continue to learn and earn in jujitsu, to stay on top of my academics at school, and continue to learn the game of football and work very hard towards gaining acceptance into UCLA. Some of my achievements

include competing at multiple jujitsu tournaments, winning gold, bronze, and silver, through tough competitions. Keeping my grades in school up is another achievement, but is also a challenge for me because jujitsu with school and football is a challenge to balance all at the same time, but one I face daily and love it!
