JÉRÔME DRAPEAU

My name is Jérôme Drapeau. Some would like better to say: I usually let my skateboarding do the talking. But the bottom line is: All we want is to go skateboarding. During the 1990's, back when I started, skateboarder was considered bums, and most of us like the underground, its not a sport status. Personally, when I started skateboarding, in 1994, it became a life time choice and all I want to do. To me, it's not a trend, I consider skateboarding as a lifestyle and culture. I like good vibe and friendly mood. I'll keep skateboarding no matter what and until my body is letting me. I'm proudly supporting the creativity

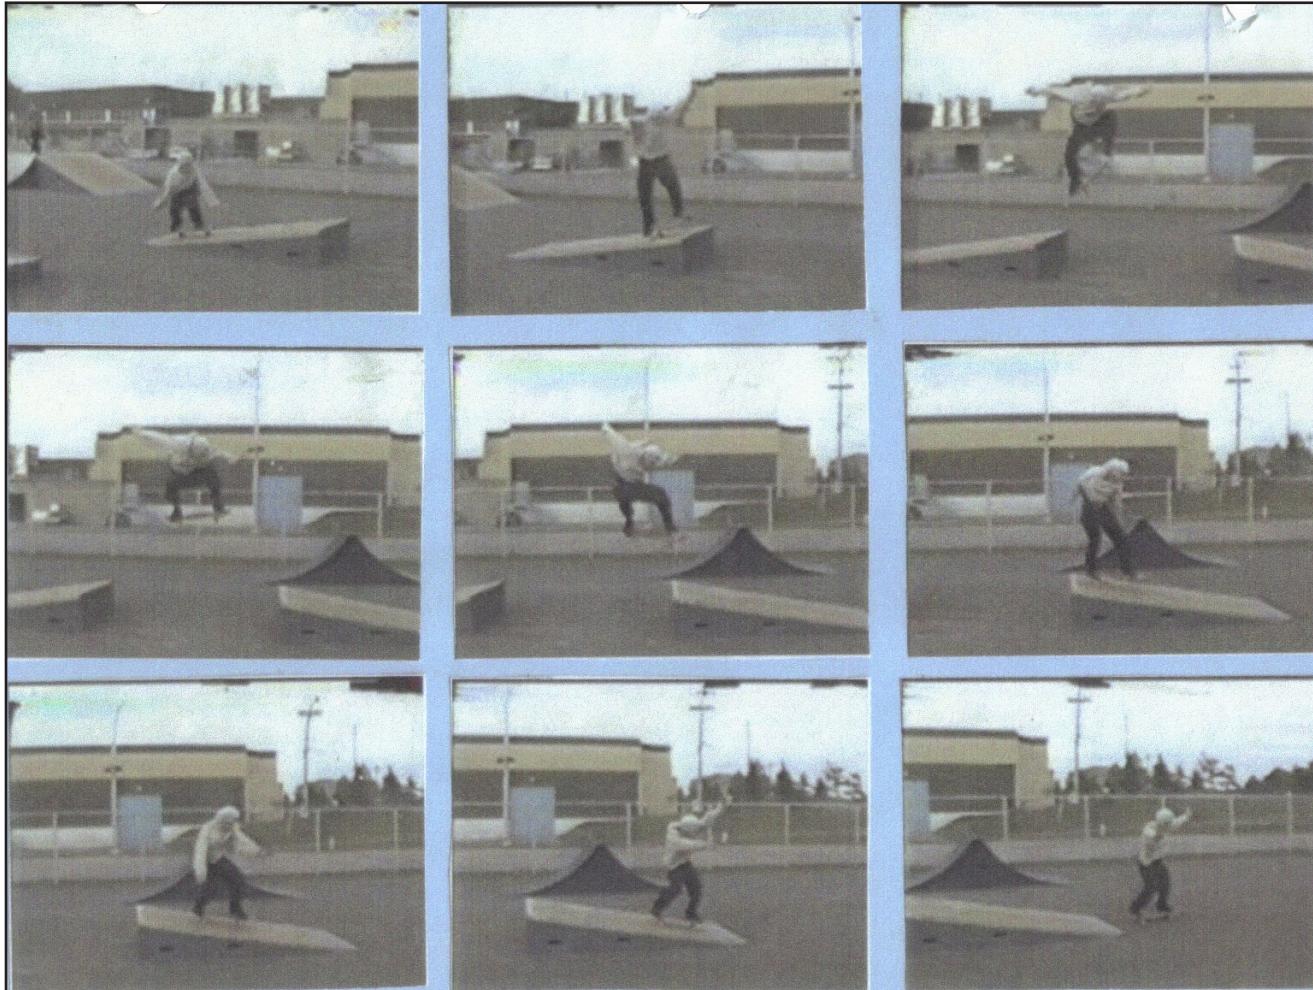

and realization of the act of skateboarding, since 1994. Skateboarding is an activity that you can practice in a complete urban environment. The city = human nature. Skateboarding is a street art; cities are like this big wonderland. Skateboard is making you take a brand-new look to the city. Skateboarding is an individual activity / sport that you can practice alone or with friends. Sometimes friends help to push your own limit. It's bringing personal joy from an individual performance.
