# Anastasia Zentveldt

My name is Anastasia Zentveldt, 8 years old and I live in the city of Alkmaar in the Netherlands.

I've started figure skating at the age of 7 at the L2SK8 group and after a couple of months I've been asked to join the competition group for the tryout months. After that month I was glad to become a member of the competition team of the AIJC.

My first competition season is just over and what a great season it has been! I've taken place at 4 competitions last year and every one I have stood on the podium. Two weeks ago we had a great Ice Show and it was a fantastic experience for me as

well!

I would like to continue figure skating as long as possible and perhaps become a champion! I'm also dreaming of the Olympics.

I'm a big fan of the Russian figure skater Aleksandra Trusova and often try to copy her on the ice.

I love figure skating and I've been really blessed with the opportunity to practice this wonderful sport!

My name is Katerina, I am from Ukraine, I am 8 years old. I have been figure skating for 2 years, during this time I have taken part in many competitions in my country and have always won prizes, now there is a war in my country, there is always no light, so I have to practice at the rink without light in complete darkness. Now I am actively preparing for international competitions, in November I represented my country in Estonia at the Tallinn Trophy 2022 interclub competition,

I was very worried because I had not gone on the big ice for a long time, this year I skate the program under "Pirates of the Caribbean" program is difficult because I moved three categories higher in a year. There are still many international competitions ahead, I really want to perform with dignity and prove that no matter what we do not stop. My biggest dream in the future is to become a class figure skater and open your own figure skating school.

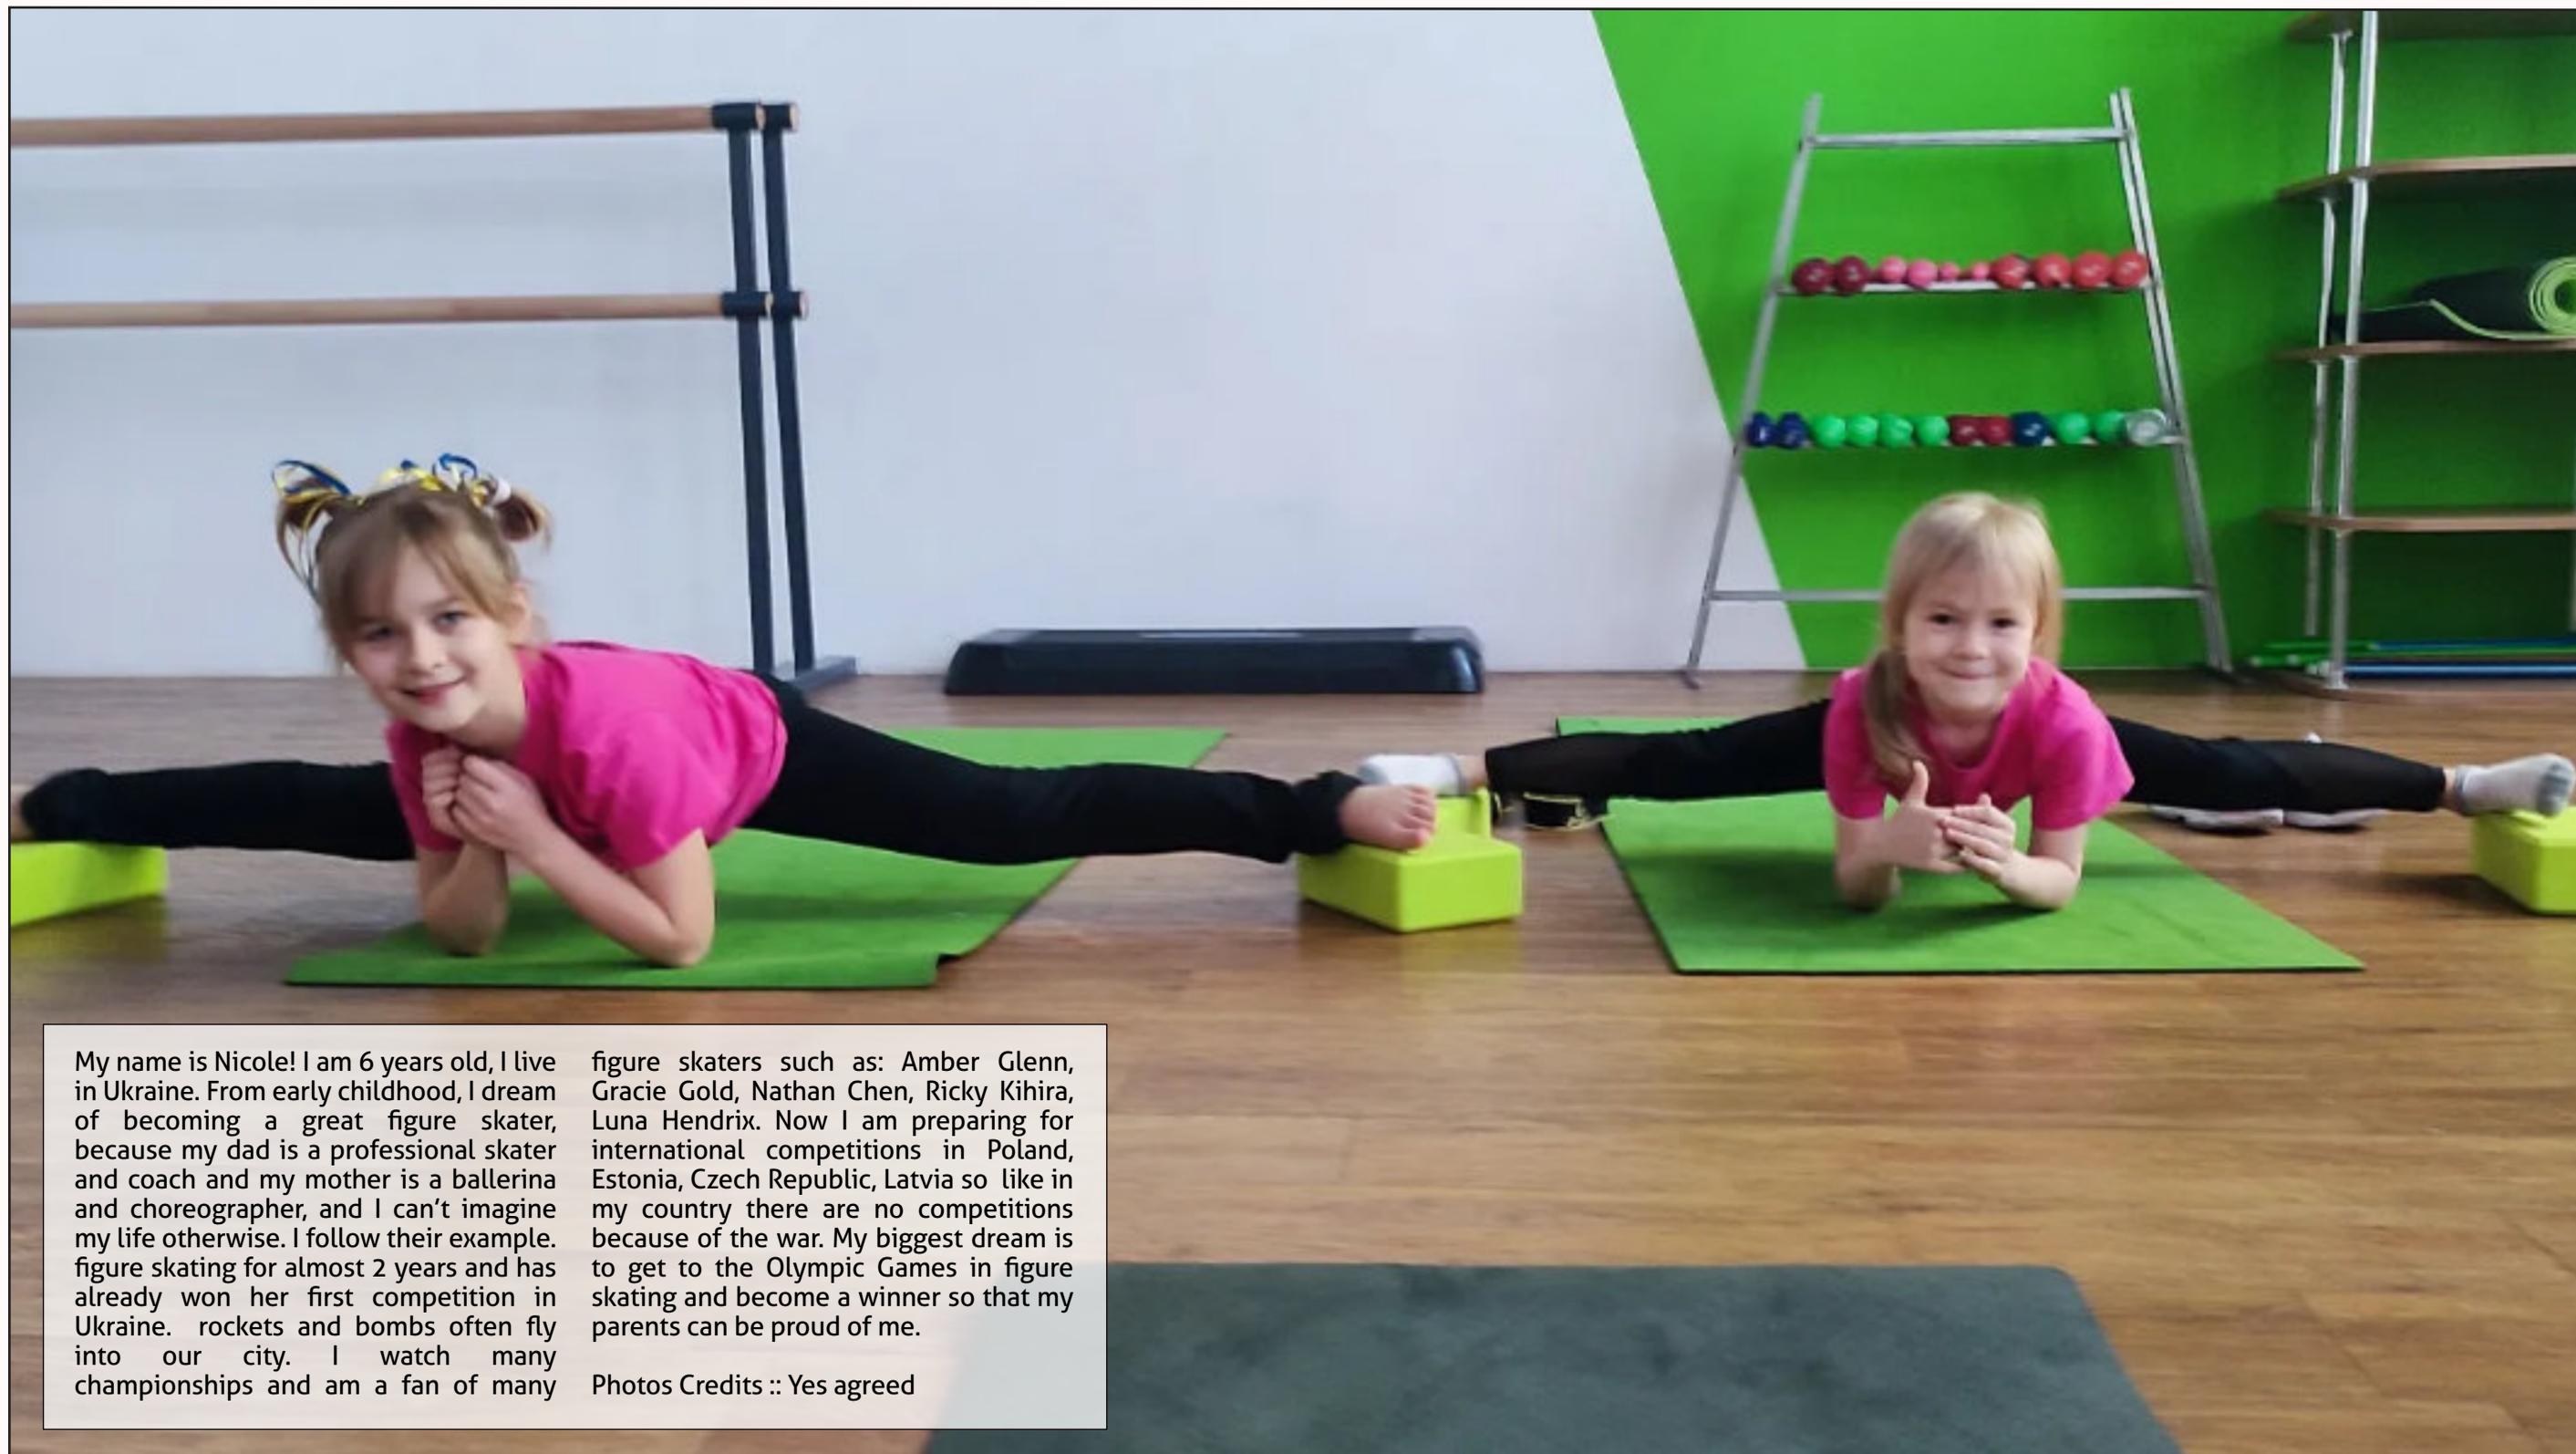

My name is Nicole! I am 6 years old, I live in Ukraine. From early childhood, I dream of becoming a great figure skater, because my dad is a professional skater and coach and my mother is a ballerina and choreographer, and I can't imagine my life otherwise. I follow their example. I have been practicing figure skating for almost 2 years and has already won her first competition in Ukraine. rockets and bombs often fly into our city. I watch many championships and am a fan of many

figure skaters such as: Amber Glenn, Gracie Gold, Nathan Chen, Ricky Kihira, Luna Hendrix. Now I am preparing for international competitions in Poland, Estonia, Czech Republic, Latvia so like in my country there are no competitions because of the war. My biggest dream is to get to the Olympic Games in figure skating and become a winner so that my parents can be proud of me.
